Memorial Day Here Will Be Featured By Annual Parade

Holiday activities in Circleville will be highlighted Thursday with the annual Memorial Day Parade.

The parade will start promptly at 9:30 a. m. according to officers of the Pickaway County Monumental Assn. Early services will be conducted 9 a. m. at the High

Pumpkin Show Group To Give Flag To Park

A new American Flag, a gift from the Circleville Pumpkin Show, Inc., will be presented to Ted Lewis Park on Memorial Day. A special presentation ceremony will be conducted at the park. The program is scheduled to get under way about 15 minutes after memorial services are conducted at the cemetery.

The Circleville High School Band also scheduled to take part in the Memorial Day parade, will move to Ted Lewis Park immediately after service at the Cemetery.

Members of the Pumpkin Show committee are scheduled to present the flag to Mayor Richard Penn. He in turn will deliver the new national emblem to members of the park board. An official raising will be conducted by members of the Hall-Adkins American Legion Post.

OTHER Memorial Day activities here will include the opening game of the South-Central Ohio Junior American Legion baseball program at Ted Lewis Park. The local squad will meet a Legion team from Washington C. H.

The Hall-Adkins Post will conduct its second annual Pig Roast at the home on Route 23. Serving will start at 5 p. m. The Pig Roast is free to all post and auxiliary members and their families. Supervised entertainment will be provided for the children.

Pataskala Man Stabbed to Death

NEWARK, Ohio (AP)—A middle-aged man was found stabbed to death in his home near Pataskala Sunday, sheriff's deputies reported.

The victim was identified as Owen Sharp. Deputies said he appeared to be in his late 50s or early 60s.

He had been stabbed eight or nine times, apparently by a large knife, and deputies said he had a deep laceration in his head that appeared to have been made by a hatchet or machete.

Officials were holding two men and a woman for questioning.

USE OF TROOPS RULED LEGAL

Belligerent, Short Week Faces Assembly

COLUMBUS, Ohio (AP) — This is going to be a short week, but the Ohio Legislature, most of the fireworks are scheduled Tuesday.

Lawmakers will wind up the week Wednesday afternoon and take Thursday—Memorial Day—as a holiday, returning next Monday for what they hope is their last two weeks of toil in the legal vineyard.

These are the bills which may well cause a few ruckuses before the abbreviated week ends:—A House vote on a bill to prohibit persons advocating violent overthrow of the U. S. government from speaking on state university campuses.

—A House vote on a bill to subdivide Cuyahoga County, the state's largest, for election of representatives to the Ohio House.

—A House joint resolution declaring it to be the feeling of the legislature that prayer and Bible reading be a part of the daily program of each public school class.

If adopted, the prayer-and-Bible reading resolution would go to the Senate.

The House bill coming up on campus speakers stems from an Ohio State University experience some months ago in which President Novice G. Fawcett refused to permit Frank Wilkinson of New York to speak on the campus because of his alleged affiliation with a group dedicated to the abolition of the House Committee on Un-American Activities. Wilkinson never has been officially identified as a member of a subversive group.

Emergence of the Cuyahoga County subdistricting bill for the election of representatives from Cleveland stirred the ire a fortnight ago of Democrats in the legislature. They contended favorable committee action violated a 60-year gentlemen's agreement that if Cuyahoga County were ever subdistricted, all counties with more than one representative also would undergo the same process.

If applied to all counties having two or more representatives the bill would affect 11 of Ohio's 88 counties.

Due for a House vote tonight when the legislature returns for its 21st work week is an "open records" bill by House Minority Leader A. G. Lancione, D-Belmont, who said his measure would require all public records to be open for public inspection at all reasonable times unless prohibited by present law.

Silent Amendments To Weaken Federal Government Studied

Chief Justice Earl Warren has taken America's lawyers to task for staying silent while 16 states have approved at least one of three proposed constitutional amendments aimed at weakening the power of the federal government.

What are these amendments? Who is fighting for them? Why has there been so little debate about them? What chance do they have of becoming part of our Constitution? Why do national leaders oppose them?

In a three-part series of articles, the answers to these and other questions are presented by Associated Press Reporter Stanley Meisler.

Read the first article today on Page 10.

No Fraud or Abuse Found in FTX Deal

WASHINGTON (AP) — The U. S. Senate's investigations of the TFX warplane contract award have produced no evidence of fraud or abuse of discretion by Pentagon officials, says Sen. Jacob K. Javits.

Javits, a New York Republican, is a member of the Senate Investigations subcommittee which has been holding hearings aimed at finding whether favoritism influenced award of the big contract for the TFX fighter-bomber to General Dynamics Corp.

Military evaluation boards had reported that the Boeing Co. had submitted a design for a better, cheaper version of the TFX.

Women War Dead To Be Honored In Services on Memorial Day, Too

WASHINGTON (AP)—War, they always used to say, is man's business.

But as far back as the Revolutionary War, when Molly Pitcher in a petticoat, gunner's jacket and battered cocked hat—grabbed a gun, women have been leaving their kitchens to help fight their country's enemies.

American women too, have given their lives in service to their country.

During World War II, for instance, in 1944 on the beachhead at Anzio, Italy, two Army nurses had just finished giving blood plasma to a soldier when a shell hit. They were killed at the patient's side. In their honor, the Army named a hospital ship after one of them, Lt. Blanche F. Sigman of East Akron, Ohio.

In honor of these and all American women whose lives were

sacrificed in war service, a bell tower will be dedicated "in grateful tribute" on May 30, Memorial Day, at Rindge, N.H.

President Kennedy will send his official wreath to be placed on the altar at the groundbreaking services.

Statistics at the Department of Defense show that 1,088 women died while in uniformed service to their country during the first and second World Wars and the Korean conflict.

The American Red Cross lists 300 women workers dead in the two world wars.

Officially, American women did not join their brothers in uniform until 1901, when the Army Nurse Corps was established. The Navy Nurse Corps was authorized in 1908.

Then, during World War II, more women put on the uniform of their country to man the

switchboards in North Africa, pound typewriters on Guadalcanal and sail the seas as radio operators.

These were the new Molly Pitchers, the skirted soldiers of the Women's Army Corps, the Waves of the Navy, Spars of the Coast Guard and the women Marines. Later, in 1948, the Women's Air Force was formed.

During the second world war, about 350,000 women saw active military duty, with 65,000 serving overseas. They accounted for about 3 per cent of the 12 million in active service. And 586 women gave their lives to their country.

The Wacs suffered 225 deaths in World War II, 12 of whom died of wounds recorded as battle casualties. There were limitations against their service on the battlefield.

A special plot is set aside in Ar-

lington National Cemetery for Army nurses, who are buried with full military honors. More than 150 lie there, 45 of them from the Spanish-American War.

Nurses served, too, in the Civil War under contract. After the siege of Vicksburg, Miss., the Union navy outfitted a confiscated Confederate steamer, Red Rover, as a floating hospital. Nuns of the nursing sisterhood went aboard to care for the patients.

The Union had its Dr. Mary Walker, a New York surgeon who worked in field hospitals under contract. She wore pants vest, frock coat and a tail silk hat.

Dr. Walker was given the Medal of Honor for her tireless service. But this was rescinded, along with many others, in the congressional review and re-statement of standards for the medal in 1916.

Senate Faces Major Issues

Mental Health, Money Bills To Top Agenda

WASHINGTON (AP)—The Senate faces a three-day flurry of activity before closing down late Wednesday for an extended Memorial Day weekend. The pace in the House will be more leisurely.

An \$840-million program dealing with the problems of mental illnesses and mental retardation heads the Senate's list today. Democratic leaders said they knew of no strong opposition to the measure — a high-priority item on President Kennedy's 1963 program.

Up for Senate debate Tuesday will be the second of the regular money bills for the next fiscal year—a \$985-million Interior Department appropriations measure.

Senate leaders plan to follow this with a must bill for this week—a stop-gap increase in the national debt limit to tide the Treasury over for the next few months.

The present \$305-billion ceiling would be raised to \$307 by the bill until June 30, and thereafter to \$309 billion temporarily.

The House has a light schedule for the week. Its only announced business is a bill to extend the Mexican farm labor program for two years. The measure is to be considered Wednesday.

The mental illness bill would authorize federal grants to the states and to universities over the next 10 years.

The money could be used to help build community health centers for prevention, diagnosis and treatment of mental illness; to aid in staffing of such centers; to help build centers for research on mental retardation, and to aid in construction of facilities for treatment and care of the mentally retarded.

Another provision would extend for three years a current program of federal aid to universities for training of teachers for the deaf, the mentally retarded, and for those handicapped in other ways.

Copter Takes Off On Overseas Flight

OTIS AIR FORCE BASE, Mass. (AP)—A twin-turbine Air Force helicopter took off in ideal flying weather today on the first leg of a transatlantic flight to France.

Its first scheduled stop is at Loring AFB, Maine.

It is due to complete the journey at Bourget, France Friday.

Air Force officials made a last-minute change in the route cutting the total distance by 500 miles to 3,511 miles and adding one more day to the journey.

A spokesman at Otis said the route was altered to conform approximately to that taken by the previous transatlantic flight which went from Westover Air Force Base, Mass., to Scotland in 1952.

Drivers Get Reminders
COLUMBUS, Ohio (AP) — If Ohio motorists needed a reminder for Memorial Day highway safety, they now have a dozen reminders — the state's traffic death toll last weekend.

Former Local Woman Slain; Murder Charges To Be Filed

Columbus Police are continuing their investigation of the fatal shooting of a former local woman during the weekend in that city.

Killed was Myrtle Louise Hill, 37, daughter of Charles Hill, Huston St. Being held is Charles Mitchell, 36, of Maplewood Alley, Columbus, the alleged common law husband of the slain woman.

Columbus Police yesterday indicated second-degree murder charges would be filed against Mitchell.

According to police, Miss Hill was wounded by three shots from a 32-caliber automatic pistol. She was struck in the chest, throat and chin.

MITCHELL reported the shooting to Columbus Police early Sunday. He said he had shot a woman

in his home. Officers found Miss Hill dead.

According to the investigation report, Mitchell told patrolmen the shooting followed a struggle over the pistol. He said Miss Hill had pointed the gun at him when he told her he was leaving the house.

According to Mitchell, the pistol fired three times during the struggle. The body was released today to the Deffenbaugh Funeral Home where arrangements will be completed.

Miss Hill is survived by her father, Her mother, Mrs. Myrtle Smith Hill, died in 1962.

Additional survivors are seven brothers, Charles, Chester, Harold, Paul, Lawrence, Harrison and Leonard; six sisters, Mrs. Florence Jones, Mrs. Effie Fletcher, Mrs. Bernice Martin, Mrs. Virginia Wingo, Mrs. Elizabeth Pritchard and Mrs. Beatrice Ellis.

Memphis Parks Integration Is Ordered without Delay

WASHINGTON (AP) — The Supreme Court called today for desegregation of parks, playgrounds and other city recreational facilities in Memphis, Tenn.

The court ruled on an appeal by 11 Negroes who said the principle of allowing time for desegregation of public schools, as fixed by the Supreme Court in 1955, should not be applied to use of public recreational facilities.

Justice Goldberg delivered the

unanimous decision

Memphis has been upheld by the U. S. Circuit Court of Appeals in Cincinnati, Ohio, in the city's stand that it could provide for gradual admission of Negroes to parks and other recreational places.

The Circuit Court, in rejecting a complaint by the 11 Negroes, cited "the past and present success of the continuing plan of desegregation now being peacefully and harmoniously worked out by the city; the unquestioned good faith of the officials of the city and its park commission."

But the Negroes argued that problems involved in school desegregation did not exist in the case of recreational facilities. They said their constitutional rights were "personal and present."

In argument of the case before the Supreme Court, the Justice Department supported the contentions of the Negroes, saying that Memphis public authorities "failed to make any case at all that delay was warranted by serious obstacles standing in the way of desegregating the city's recreational facilities."

"There is nothing about public recreational facilities," the department added, "to suggest that their desegregation would present insuperable problems."

Memphis officials contended "many administrative problems as well as other difficulties would be created by immediate and total integration of all facilities, which could be avoided by a planned, orderly system of desegregation."

Goldberg's opinion declared that constitutional rights of Negroes to use Memphis parks "are to be promptly vindicated."

The case was sent back to lower federal courts with instructions that they take "further proceeding" consistent with today's decision.

Three Injured As Result Of Drag Race

Three Stoutsville area teen-agers were taken to Berger Hospital Saturday with injuries suffered in an accident that occurred during a drag race.

Drivers of the two autos involved were Jimmie R. Hutchison, 18, who received multiple abrasions to both arms, and Thomas W. Hutchison, 19, who was treated for lacerations of the mouth.

A passenger in the 18-year-old's car, Jerry Cole, received treatment for lacerations of the scalp and fractured ribs. All are from Route 1, Stoutsville.

According to the State Highway Patrol, one of the driver's lost control of his auto during the race and went off the road. The car swerved back onto the highway and skidded into the second vehicle.

The accident occurred about 5:15 p. m. Saturday on the Fairfield-Pickaway Countyline Road, a half mile south of Route 22, the patrol reported.

BOTH drivers were fined \$200 and costs in Circleville Municipal Court today and were handed a 90-day suspended jail sentence. They also were placed on probation for three years.

Jimmie Hutchison was also fined \$50 and costs for driving without an operator's license. The court suspended \$25 of the fine providing he obtain an operator's license.

'Bama Governor Loses Plea to Supreme Court

WASHINGTON (AP) — The Supreme Court rejected today a suit by Gov. George C. Wallace of Alabama to bar use of federal troops in Birmingham.

The governor asked the high tribunal to declare President Kennedy violated the Constitution by sending troops into the state for possible riot duty in Birmingham racial troubles.

Wallace said neither he nor the Alabama Legislature had asked for federal troops and contended such a first step was necessary under the Constitution. The governor asked the court also to declare unconstitutional a post-civil war statute under which the President acted, and the Constitution's 14th amendment.

The Supreme Court in a brief order said the motion to file the governor's complaint was denied.

"In essence," the high court's order said, "the papers show no more than that the President has made ready to exercise the authority conferred upon him by 10 U.S.C. Section 333 by alerting and stationing military personnel in the Birmingham area. Such purely preparatory measures and their alleged adverse general effects upon the plaintiffs (Alabama and Wallace; afford no basis for the granting of any relief."

The section referred to in the order is a post-Civil War law giving the President authority to order out troops to suppress disorders in states.

Justice White took no part in today's action. This made the court's vote 8-0.

A brief submitted to the high court by the governor said the President's troop order was "an exercise of personal power" and asserted Mr. Kennedy's action "if tolerated by this court would in effect create a military dictatorship."

A reply brief by the Justice Department asked the court to re-

Sabina Water Boost Is OK'd

COLUMBUS, Ohio (AP) Clinton County Water Co. can increase its rates to customers in the village of Sabina by \$25,749 annually, the Public Utilities Commission ruled today.

This will allow a jump in gross annual revenue from about \$27,775 to \$53,524, commissioners said. The case has been pending 16 months.

The company said it lost more than \$25,000 in three years of operations in Sabina.

Clinton County Water, which sought permission for a \$55,757 gross revenue, purchased the facilities from the Dayton Power & Light Co. in 1960. It serves about 775 customers in Sabina.

Commissioners Carl R. Johnson and J. Warren Bettis signed today's order. Commissioner Frances McGovern dissented, saying the increase is excessive.

Ohio State Graduates To Hear Playwright

COLUMBUS, Ohio (AP) — Scheduled commencement speaker Philip L. Graham has been forced to cancel his engagement, and playwright Jerome Lawrence has been selected to replace him at Ohio State University's June 7 ceremonies.

The noted dramatist is a native of Cleveland and a 1937 Ohio State graduate who now lives in Malibu, Calif. He will be presented an honorary doctor of humane letters degree.

Graham, president of the Washington Post, advised that a business engagement in Europe would preclude his coming here.

ROK Military Chieftain Given Party Nomination

SEOUL, South Korea (AP)—To the surprise of no one, Gen. Chung Kee Park, chairman of the ruling military junta, was unanimously nominated by the junta-backed Democratic Republican party today to run for president of South Korea.

Park did not attend the party convention. He will decide whether to retire from active service before announcing acceptance of the nomination. Elections are planned for this fall.

Columbus Police yesterday indicated second-degree murder charges would be filed against Mitchell.

According to police, Miss Hill was wounded by three shots from a .32-caliber automatic pistol. She was struck in the chest, throat and chin.

Mitchell reported the shooting to Columbus Police early Sunday. He said he had shot a woman

in his home. Officers found Miss Hill dead.

According to the investigation report, Mitchell told patrolmen the shooting followed a struggle over the pistol. He said Miss Hill had pointed the gun at him when he told her he was leaving the house.

According to Mitchell, the pistol fired three times during the struggle. The body was released today to the Deffenbaugh Funeral Home where arrangements will be completed.

Miss Hill is survived by her father, Her mother, Mrs. Myrtle Smith Hill, died in 1962.

Additional survivors are seven brothers, Charles, Chester, Harold, Paul, Lawrence, Harrison and Leonard; six sisters, Mrs. Florence Jones, Mrs. Effie Fletcher, Mrs. Bernice Martin, Mrs. Virginia Wingo, Mrs. Elizabeth Pritchard and Mrs. Beatrice Ellis.

Memphis Parks Integration Is Ordered without Delay

WASHINGTON (AP) — The Supreme Court called today for desegregation of parks, playgrounds and other city recreational facilities in Memphis, Tenn.

The court ruled on an appeal by 11 Negroes who said the principle of allowing time for desegregation of public schools, as fixed by the Supreme Court in 1955, should not be applied to use of public recreational facilities.

Justice Goldberg delivered the

unanimous decision.

Memphis has been upheld by the U. S. Circuit Court of Appeals in Cincinnati, Ohio, in the city's stand that it could provide for gradual admission of Negroes to parks and other recreational places.

The Circuit Court, in rejecting a complaint by the 11 Negroes, cited "the past and present success of the continuing plan of desegregation now being peacefully and harmoniously worked out by the city; the unquestioned good faith of the officials of the city and its park commission."

But the Negroes argued that problems involved in school desegregation did not exist in the case of recreational facilities. They said their constitutional rights were "personal and present."

In argument of the case before the Supreme Court, the Justice Department supported the contentions of the Negroes, saying that Memphis public authorities "failed to make any case at all that delay was warranted by serious obstacles standing in the way of desegregating the city's recreational facilities."

"There is nothing about public recreational facilities," the department added, "to suggest that their desegregation would present insuperable problems."

Memphis officials contended "many administrative problems as well as other difficulties would be created by immediate and total integration of all facilities, which could be avoided by a planned, orderly system of desegregation."

Goldberg's opinion declared that constitutional rights of Negroes to use Memphis parks "are to be promptly vindicated."

The case was sent back to lower federal courts with instructions that they take "further proceedings" consistent with today's decision.

TV Panelist Is Hurt in Auto Crash

NEW YORK (AP)—Actress Arlene Francis, a panelist on the television program "What's My Line?", was reported in satisfactory condition today after an automobile collision in which she was injured and another woman was killed.

The Boston-born actress was replaced on "What's My Line?" Sunday night by singer Kitty Carlisle.

Miss Francis 55, was en route to Manhattan to appear on the show, when her auto skidded on wet pavement and collided head on with another auto. Police said she apparently had tried to stop her car because of a minor accident ahead of her.

Killed in the collision with the actress' car was Rose Arcos, 34, of Brooklyn. Her husband Joseph also 34, who was driving, and three other passengers in his car were injured, two of them critically.

Miss Francis was taken unconscious from the accident scene, on Northern State Parkway at Lake Success, N.Y., to a hospital in East Meadow, then to Harkness Pavilion of Columbia Presbyterian Medical Center in Manhattan.

Doctors at Columbia Presbyterian said she suffered a fractured collarbone, a minor concussion, a cut scalp and bruises.

No charges were filed in the accident.

Copter Takes Off On Overseas Flight

OTIS AIR FORCE BASE, Mass. (AP)—A twin-turbine Air Force helicopter took off in ideal flying weather today on the first leg of a transatlantic flight to France.

Its first scheduled stop is at Loring AFB, Maine.

It is due to complete the journey at Bourget, France Friday.

Air Force officials made a last-minute change in the route cutting the total distance by 500 miles to 3,511 miles and adding one more day to the journey.

A spokesman at Otis said the route was altered to conform approximately to that taken by the previous transatlantic flight which went from Westover Air Force Base, Mass., to Scotland in 1952.

Drivers Get Reminders

COLUMBUS, Ohio (AP) — If Ohio motorists needed a reminder for Memorial Day highway safety, they now have a dozen reminders — the state's traffic death toll last weekend.

Pope Is Gravely Weakened By Recurrent Hemorrhages

VATICAN CITY (AP)—Gravely weakened by recurrent hemorrhages, Pope John XXIII was confined to his apartment today. Concern grew about his condition.

A Vatican source said plans for President Kennedy to see the 81-year-old Roman Catholic pontiff had been suspended. Kennedy was due here about June 22.

Belgian-born Bishop Pierre van Lierde, the Pope's sacristan and vicar-general for Vatican City, canceled several engagements in Rome. He was reported remaining in or near the Pope's apartment constantly to be ready to administer extreme unction.

The Vatican switchboard received hundreds of phone calls about the Pope. Operators replied: "A little better."

'Bama Governor

(Continued from Page 1)
ject Wallace's suit as being without legal foundation.

The President has statutory and constitutional authority to send troops into action as he sees fit and without waiting for a request from a state, the department brief said.

A federal court ruling is due today or Tuesday on Negro efforts to desegregate schools in Birmingham, largest city in Alabama and focal point of racial unrest for weeks.

U. S. Dist. Judge Seybourne H. Lynne said Sunday he will announce his decision by Tuesday. It will be the fifth court ruling within a week on Birmingham issues.

It will come just two weeks before two Negroes, backed by orders of another federal judge, plan to present themselves for admission into white units of the University of Alabama system—one at the main university campus at Tuscaloosa, the other at a branch at Huntsville.

Gov. George C. Wallace has vowed a stand-in-the-door policy to maintain segregation in Alabama's schools. He has said he will be on hand personally to block admission of a Negro at the university for the term beginning June 10.

Two suits are involved in the public school litigation before Lynne. The first, filed in 1960, attacks Alabama's pupil placement law, which has been upheld on its face by the U.S. Supreme Court. The law gives local school boards broad authority in assigning pupils to schools.

The second, filed last year, seeks an injunction wiping out the entire segregation system in Birmingham schools. Both are class action, which means they seek relief on behalf of all Negroes.

New York To Get New First Lady

ALBANY, N.Y. (AP)—New York State's executive mansion soon will have a First Lady in residence for the first time in more than two years.

The new Mrs. Nelson A. Rockefeller, 36, will take up the duties of hostess in the century-old mansion, which has seen little official social life in the last 26 months.

The governor, 54, and his wife, married May 4, have announced plans to live in the 30-room mansion on the Rockefeller estate in Westchester County, pending renovations for what is expected to be their principal residence, a huge apartment overlooking Central Park in New York City.

The last time a First Lady of the state was at the mansion was a grim event.

The Republican governor and his first wife fled from the red brick, turreted house into the early-morning cold on March 3, 1961, as fire swept through the building.

The first Mrs. Rockefeller climbed down a ladder to safety in her night clothes, never to return.

A little later, she entered a hospital in New York City for what was described as a minor operation. Her absence from the governor's side at official functions and trips was thereafter explained by his aides as a question of health.

Later that year, it was announced the Rockefellers had separated and would be divorced.

Unsoeld and Bishop scaled the great peak Wednesday in a historic double assault with two others, Luther Jerstad, 26 of Eugene, Ore., and Thomas Hornbein, 32, of San Diego, Calif. Unsoeld and Hornbein were the first on record to conquer Everest by way of the perilous west ridge.

The returning men disclosed today that Jerstad, who teamed up with Bishop in climbing Everest from the south side, also suffered frostbite in one toe.

Union, Bell To Resume Labor Talks

CLEVELAND (AP)—Negotiators for the Ohio Bell Telephone Co. and the Communication Workers of America were to meet this afternoon to continue their month-long talks on a new contract to replace one that expires at midnight Tuesday.

The union, which represents about 15,000 Ohio Bell employees throughout the state, has agreed to continue on the job until midnight Friday if no accord is reached by Tuesday night, according to Martin Hughes, CWA Ohio director.

Hughes said the company has made no firm offer on what he termed the vital issues of company-paid hospitalization, pension improvements or wages.

He said the length of the contract would be determined by the benefits offered by the company—the better the offer the longer a contract term acceptable to the union.

The union also is demanding hours for operators be reduced to an average of seven per day. Currently, they work an average of 63.4 hours a week.

Athletic Chieftain Dies
COLUMBUS, Ohio (AP)—William J. McConnell, Ohio High School Athletic Association commissioner, died late Sunday night of a heart attack. He was 50.

Stolen Auto Is Recovered

Circleville Post 65 of the State Highway Patrol recovered a stolen auto near Little Walnut shortly after 3 p. m. Saturday.

The auto was stolen by a 16-year-old Columbus youth from a used car lot in the south end of the capital city.

State Patrolmen said the youth lost control of the vehicle north of here and attempted to hide in a field near the scene of the mishap. He was discovered by a patrolman and apprehended.

The Columbus youth is being held in Pickaway County Jail, awaiting Franklin County Juvenile authorities who were to return him to Columbus today.

2 Injured U.S. Climbers Return Safely

KATMANDU, Nepal (AP)—Two sunburned Americans who suffered frostbitten toes conquering Mt. Everest returned today, grin-ning gamely despite the pain and able to hobble.
William Unsold, 36, of Corval-is, Ore., and Barry C. Bishop, 30, of Washington D.C. embraced their wives after a rescue helicop-ter deposited them outside the American missionary hospital in Katmandu.
They told of being carried on men's backs more than 20 miles down the perilous slopes from the base camp, in a desperate race to get medical treatment and save their frozen toes.
"We are tired but otherwise fine," the red-bearded Unsold told newsmen.
Both were full of praise for their teammate's help in climbing the 29,028-foot peak.
Unsold and Bishop sealed the great peak Wednesday in a his-toric double assault with two oth-ers, Luther Jerstad, 26 of Eugene, Ore., and Thomas Hornbein, 32, of San Diego, Calif. Unsold and Hornbein were the first on record to conquer Everest by way of the perilous west ridge.
The returning men disclosed to-day that Jerstad, who teamed up with Bishop in climbing Everest from the south side, also suffered frostbite in one toe.

2 Injured U.S. Climbers Return Safely

ALBANY, N.Y. (AP) — New York State's executive mansion soon will have a First Lady in residence for the first time in more than two years.
The new Mrs. Nelson A. Rocke-feller, 36, will take up the duties of hostess in the century-old man-sion, which has seen little official social life in the last 26 months.
The governor, 54, and his wife, married May 4, have announced plans to live in the 30-room man-sion and on the Rockefeller estate in Westchester County, pending renovations for what is expected to be their principal residence, a huge apartment overlooking Cen-tral Park in New York City.
The last time a First Lady of the state was at the mansion was a grim event.
The Republican governor and his first wife fled from the red brick, turreted house into the early-morning cold on March 3, 1961, as fire swept through the building.
The first Mrs. Rockefeller climbed down a ladder to safety in her night clothes, never to re-turn.
A little later, she entered a hos-pital in New York City for what was described as a minor operation. Her absence from the governor's side at official func-tions and trips was thereafter ex-plaind by his aides as a question of health.
Later that year, it was an-nounced the Rockefellers had se-parated and would be divorced.

Union, Bell To Resume Labor Talks

CLEVELAND (AP) — Negotia-tors for the Ohio Bell Telephone Co. and the Communication Work-ers of America were to meet this afternoon to continue their month-long talks on a new contract to replace one that expires at mid-night Tuesday.
The union, which represents about 15,000 Ohio Bell employes throughout the state, has agreed to continue on the job until mid-night Friday if no accord is reached by Tuesday night, according to Martin Hughes, CWA Ohio di-rector.
Hughes said the company has made no firm offer on what he termed the vital issues of com-pany - paid hospitalization, pen-sion improvements or wages.
He said the length of the con-tract would be determined by the benefits offered by the company — the better the offer the longer a contract term acceptable to the union.
The union also is demanding hours for operators be reduced to an average of seven per day. Currently, they work an average of 63.4 hours a week.

Pope Is Gravely Weakened By Recurrent Hemorrhages

VATICAN CITY (AP)—Gravely weakened by recurrent hemor-rhages, Pope John XXIII was con-fined to his apartment today. Concern grew about his condition.
A Vatican source said plans for President Kennedy to see the 81-year-old Roman Catholic pontiff had been suspended. Kennedy was due here about June 22.
Belgian-born Bishop Pierre van Lierde, the Pope's sacristan and vicar-general for Vatican City, canceled several engagements in Rome. He was reported remaining in or near the Pope's apartment constantly to be ready to adminis-ter extreme function.
The Vatican switchboard re-ceived hundreds of phone calls about the Pope. Operators replied: "A little better."

Court Hears OMVI Charge

Paul L. Peters, 43, Route 2, charged with operating a motor vehicle while under the influence of intoxicants by the Ohio State Highway patrol, was fined \$150 and costs today in Circleville Municipal Court.

'Bama Governor

(Continued from Page 1)
ject Wallace's suit as being with-out legal foundation.

The President has statutory and constitutional authority to send troops into action as he sees fit and without waiting for a request from a state, the department brief said.
A federal court ruling is due today or Tuesday on Negro ef-forts to desegregate schools in Birmingham, largest city in Ala-bama and focal point of racial un-rest for weeks.

U. S. Dist. Judge Seybourne H. Lynne said Sunday he will an-nounce his decision by Tuesday. It will be the fifth court ruling within a week on Birmingham is-sues.
It will come just two weeks before two Negroes, backed by orders of another federal judge, plan to present themselves for ad-mission into white units of the University of Alabama system — one at the main university cam-pus at Tuscaloosa, the other at a branch at Huntsville.

Gov. George C. Wallace has vowed a stand-in-the-door policy to maintain segregation in Ala-bama's schools. He has said he will be on hand personally to block admission of a Negro at the university for the term be-ginning June 10.
Two suits are involved in the public school litigation before Lynne. The first, filed in 1960, at-tacks Alabama's pupil placement law, which has been upheld on its face by the U.S. Supreme Court. The law gives local school boards broad authority in assign-ing pupils to schools.
The second, filed last year, seeks an injunction wiping out the entire segregation system in Bir-mingham schools. Both are class actions, which means they seek relief on behalf of all Negroes.

Bankruptcy Road

With clocklike regularity, the United Nations has to announce to the world that it is again on the verge of bankruptcy. Last year it was pulled out of the hole by a bond issue subscribed for by the U. S. government. This year it is in debt to the tune of \$106 million.

The main cause of the indebtedness: special forces in the Congo and the Middle East. The Congo force alone is responsible for \$73 million.

On the Congo account 68 nations are in arrears. Many of them, particularly Latin American members, plead poverty. The same cannot be said for the Soviet Union and Ukraine which are responsible for almost half of the Congo indebtedness.

France has also refused to pay. It sees no reason why the UN should be in the Congo at all.

According to the UN constitution, these countries could lose their voting powers. It is unlikely that any of them will. Some Latin American countries have been defaulting for years, but are still voting members.

The odd thing about the Congo operation is that most of the Afro-Asian nations are in favor of its continuance. And they are among the debtors. Many of them are receiving foreign aid in one form or another and plead that they cannot afford the membership dues demanded by the UN club.

Although more than 30 countries regularly pay their dues, it still looks as if the bulk of the money will have to be paid by the United States. Unless Washington develops more backbone than it has so far exhibited, that is.

Credit Risks: Accident Prone

NEW YORK (AP)—Things a folk belief that they stole butter and milk.

It pays to keep your credit good. It has been found that people who are poor credit risks are also more accident prone.

Speaking of accidents, did you know twice as many persons die in bathtubs as in swimming pools. The television aerial has become a new status symbol in Japan. To impress their neighbors, poor families erect an aerial over their shacks whether they actually have a television set.

Bothered by "that tired feeling"? In four out of five cases, doctors say, the cause isn't organic but neurotic. Nothing wears you down like worrying.

Some 35 per cent of college-age Americans are now enrolled in an institution of higher learning, but a third will drop out before earning a degree.

Ever wonder how butterflies got their name? Because of an old

folk belief that they stole butter and milk.

Our quotable notables: "What if a man is buried alive from time to time? For every such person there are a hundred dead men walking the earth."—George C. Lichtenberg.

Buddha, who at one time of his life died on a grain of rice a day, finally died of acute indigestion.

We're still an inventive people. The U.S. Patent Office gets 300 applications a day for new products.

Experiments at Iowa State University indicate the husbands most influential in determining family decisions are those able to outtalk their wives. What'll science find out next?

Don't leave your car unlocked. Thieves are now stealing a million dollars worth of autos daily.

In America we buy a coffin and use it only once. But economy-

mind Koreans purchase their coffins while alive and use them as clothes chests.

How long do your household appliances last? The U.S. Department of Agriculture reports washing machines should last 11 years; refrigerators, 16 years; electric sewing machines, 4 years; vacuum cleaners, 15 to 18 years; toasters, 15 years and television sets, 11 years.

"Children have become so expensive only those on relief can afford them."—Arnold H. Glasgow.

Most U.S. presidents came from large families. Nineteen came from families of six or more children. The parents of our 34 presidents had a total of 227 children!

Fish aren't slippery to handle if you first dip your fingers in salt.

Big business may be getting bigger in America, but small business is doing well, too. Over four million U.S. firms have fewer than 20 employees.

The Business World

NEW YORK (AP)—An increasingly affluent society outside the United States is beginning to call the tune for the prices of many things—merchandise, changing political conceptions at home are upsetting the price patterns of some other basic commodities.

Silver, sugar, wheat, cotton even coffee are some commodities whose prices right now either are being radically changed as they couldn't have been a few years back, or are actually being set by influences outside the United States.

Living standards of many other lands have risen sharply in the last few years. They have been using a lot more sugar, a lot more silver—and draining from the United States a lot of gold.

For years the U.S. government pretty much set the price of sugar at home. Usually it was about two cents a pound above the world price. The import quota policy protected domestic sugar growers and rewarded friendly foreign supplies.

The United States can't set the price today. The rest of the world is using much more sugar than it did. Along with smaller crop because of bad weather in Europe and an economic flap in

Cuba, rising demand has outrun supply. The price has risen everywhere. Now it's soaring here. Prices of food and drinks containing sugar are rising, too.

The U.S. government for many years set the price of silver by statute. What the U.S. Treasury paid for silver, and what it sold it for, became practically the same thing as the world price.

But the rest of the world, along with the United States, is using more silver now. Industrial usage has soared, thanks in large

part to silver's new role in electronic and in defense hardware. Here, too, as in the case of sugar, world production lagged as demand mounted. So the world price of silver rose.

In November 1961 the U.S. Treasury stopped trying to hold the price line. Its free reserves were almost exhausted, so it stopped selling any more. The price has gone from the once statutory 91.62 cents an ounce to \$1.28 an ounce.

Congress now is freeing the treasury stock held as backing for silver certificates (now mostly \$1 bills). The treasury expects to use this freed silver for coinage in coming years. Demand for coins is rising everywhere in the age of turnstiles, parking meters and vending machines.

Congress hopes this action will put a ceiling of \$1.29 an ounce on domestic prices. But the upward price pressure on household and industrial items containing silver will continue for a time.

The domestic prices of wheat and cotton have been largely set by government subsidies and controls, since the United States produces more than it consumes.

What will happen to the price of wheat, now that the farmers have rejected the government's subsidy and control plan, is a political football at the moment—and therefore an uncertainty. But fear of other nations that any surplus will be dumped abroad to maintain wheat prices at home has led to quick assurances by Washington that it won't.

Cotton surpluses are sold abroad for less than the U.S. textile mills have to pay. The domestic industry is demanding, and getting, protection from foreign price competition.

Coffee prices are to be set by international agreement—if the treaty the United States has just ratified works. This sets export and import quotas for major producing and consuming nations. However this works out in dollars and cents is what the U.S. coffee drinker will pay.

Letter to The Editor

EDITOR'S NOTE—We welcome letters to the editor. They must be signed by the writer with a complete return address. However the name and address will not be used in the published letter upon request of the writer. Opinions expressed in this column are those of the writers and not necessarily those of The Herald.

To the Editor:

I noticed the article in the paper about people using the flower bed in front of the First National Bank as a sitting place.

The flower bed is lovely. And it is a big temptation to sit there when one is tired and worn out. It would be a real pleasure for older folks if there were a few benches in different locations where we could stop and rest for a few minutes.

It also would create a friendly atmosphere and perhaps a little more business for the downtown merchants. Many older folks stay home because it is a hard task shopping without a little rest. The Murphy Store, with its resting places, has been a lifesaver for many an aged person, as well as those with small children. The store has my thanks as well as a "thank you" from many others.

Try and Stop Me

By BENNETT CERF

IT WAS THE great Jewish humorist, Sholom Aleichem, who observed, "The only chance a poor man has for rejoicing is when he loses one of his pitiful possessions—then finds it again." He tells of one such character who recounted to a group of sympathizers how his wife and children were pursued by wolves over an icy lake, how the ice cracked, and sleigh and passengers sank without a trace. "Thanks to the Lord," concluded the narrator with a sigh, "there is one good feature to the story. It's a lie from beginning to end!"

The Missouri Bureau of Health has been looking into the death certificates filed by some of its registered doctors in the past year, and has come up with some weird notations therein. One doctor, for instance, solemnly gave as "cause of death," "The deceased went to bed feeling fine, but woke up dead." Another explained a patient's demise even more tersely. "He died suddenly; nothing serious." A third doctor had this to report: "Death induced by blow on the head with an axe. Contributory cause: another man's wife."

Candid observation by John O'Reilly on the occasion of his first tour of the Museum of Natural History:

"I admit this is a wonderful world. But I'd prefer a place more liberally girlied."

Speaking of YOUR HEALTH...

By LESTER L. COLEMAN, M.D.

Holidays and happiness should go hand-in-hand. Sometimes a severe sunburn alters both. For despite the constant warnings, there are those who deliberately over-exposed themselves to excessive sunlight and bring on themselves unnecessary pain and occasionally even danger.

For those who simply never learn that frying bodies burn, a new method of protection seems to be in the offing.

At the University of Minnesota, Dr. Ramon Fusaro has developed a chemical that becomes impregnated into the outer layer of the skin and acts as a protective filter against sunburn without interfering with tanning. This chemical, when applied to the skin surface, cannot be washed or rubbed off.

Repeated application can remain protection for those who are particularly sensitive to the sun's rays. There are some people who become severely ill even with very little exposure to the sun.

The chemical is now being studied for allergic reactions. To date no unusual skin sensitivity has become apparent.

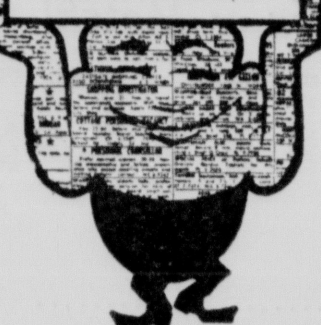

A blow on the ear during rough play can cause a tear of the eardrum. Sometimes there is slight bleeding from the ear, followed by a moderate but definite hearing impairment.

These perforations of the ear drum caused by an injury can, if neglected, remain open permanently and can affect the sharpness of hearing.

Such perforations of the ear drum heal readily with early care. The technique is an intriguing one.

Small pieces of cigarette paper skillfully applied to the perforation act as a scaffolding or bridge for the growth of healing tissue.

Disillusioned Freedom Fighter

By John Chamberlain

Not so long ago the report came from Cuba that an American-owned plane had attempted to bomb oil installations in Havana. The bombs, so the report said, had failed to explode. But other reports, coming in from the anti-Castro underground, said that a noise had been heard, which would indicate that something had been hit.

The plane in question was a twin Beechcraft C-45, piloted by Geoffrey Sullivan, of Waterbury, Conn. and owned — on a still largely unpaid note — by a handsome Irishman named Alexander Rorke, Jr., who boasts that he was the first American reporter to be jailed by Castro. Though nobody had seen the plane take off from any point that would have indicated an infringement of the neutrality laws, the U.S. government grabbed the Beechcraft in Connecticut the other day. It is now held at Bradley Field, near Hartford, and its owner can't reclaim it, though he insists that it was seized without a warrant that no charges have been preferred against him.

The loss of the plane is the second serious setback which Mr. Rorke, a dedicated anti-Communist who wants to help the Cubans get rid of Castro, has encountered in recent weeks. Before his troubles with the plane he had a power boat, the Violynn III, which was kept by the British from using Norman's Key, an island in the Bahamas, as a possible base for raids against Castro ships. The Violynn III was permitted by the British to return to Dinner Key, Fla., where it was seized by the Coast Guard. Now held by the U.S. Customs in the Miami River, the Violynn III is, according to Mr. Rorke, "rotting" because of the salt that is backing up into his exhausts and "ruining" the manifolds. Mr. Rorke insists, once again, that no charges have been preferred against him for violating any laws of the United States with the Violynn III.

The government, obviously, thinks it has good reason to sequester the Beechcraft and the Violynn III, and maybe it has. But, regardless of the technical legal rights and wrongs of the case, what makes Mr. Rorke particularly angry is the invasion of what he considers to be his moral rights as a dedicated freedom fighter.

Sitting at a luncheon table this week and letting his food grow cold, Mr. Rorke spoke of what he considers to be the double standard involved in application of the neutrality laws. Only yesterday, he said, he was busy conducting anti-Castro leaflet raids over Cienfuegos and Matanzas in Cuba. He did this he said, for Cubans, but the tab for the raids was, as he put it, "picked up by the C. I. A."

which would indicate that the raids had been approved by a U.S. government agency.

What Mr. Rorke wants to know is why it is right to break a law at one time and wrong to break it at another. Before 1963, he said, the U.S. government was itself involved in violating the neutrality legislation in regard to Cuba. But today it is deemed illegal even when anti-Castro Cuban patriots mount their raids against Cuba from Central America or some uninhabited rock in the Caribbean.

What bothers Mr. Rorke is that the crackdown on the Cubans seems, inferentially, to condemn much of the U.S. heroic past. If anti-Castro Cubans are to be kept from fighting Castro, he says, then General Claire Chennault of Louisiana was wrong to have organized the Flying Tigers to help the Chinese fight the Japanese in the days before Pearl Harbor. And it

was wrong for American fliers to have enlisted in the Eagle Squadron to fight the Nazis for the British. Beyond that, Mr. Rorke recalls the time when Raoul Lufbery of Wallingford, Conn., helped organize the Lafayette Escadrille to carry out air missions against the Germans in World War I. This was before the U.S. had formally entered the war.

It is Mr. Rorke's contention that any American citizen should have the blessing of his government for enlisting in the war against tyranny anywhere. Americans are fighting against Communists in southeastern Asia. They are contributing to Israel in its struggle to maintain its territorial integrity against the Arab states. Why, then, discriminate against an American freedom fighter for choosing Castro as his target? Mr. Rorke wants to know.

AVID SPECTATORS — Approximately 150 persons attended the style show sponsored by The Jaycee Wives. Following the event, held in the 4-H and Grange Building at the Fairgrounds, an informal social hour was conducted.

Summer Fashions Displayed

A style show entitled, "Summer Fashion Fling" was held in the 4-H and Grange Building at the Pickaway County Fairgrounds.

The Jaycee Wives sponsored the event. There were approximately 150 persons present.

Small tables decorated with miniature hat favors created a charming atmosphere for the modeling of an excellent selection of fashions from The Deb Shop.

Models were Miss Elaine Hutzelman, Miss Patti Hines, Miss Sandy Ward and Miss Lynn Reichelderfer, members of the Deb Shop Teen Board. Miss Diane Wise, winner of the Miss Thermo-Jac contest; Mrs. William Stout, Mrs. John Dougherty, Mrs. Richard

Higgins, Mrs. Terry Barthelmas, Miss Kelley Anderson, Mrs. Jack McGuire, Mrs. Lewis Cook, Mrs. Robert Wellington, Mrs. Larry Priest and Mrs. John Weigle.

Mrs. Wes Edstrom Sr. won the \$100 cash prize. Several gift certificates were presented by The Deb Shop and winners were, Mrs. Hillis Hall, Mrs. Ned Harden, Miss Linda Benzenberg, Miss Monica Salyer and Mrs. Ronald Swoyer. Miss Donna Pontius won the floral centerpiece.

Punch and homemade cookies, contributed by the members, were served.

Mrs. Wes Edstrom Jr., was chairman of the table decorating committee.

Mrs. Garrett Feted with Stork Shower

Mrs. Robert E. Garrett was honored recently with a stork shower given in the home of Mrs. George A. Ramey. Miss Sharon Ramey and Mrs. Charles E. Zickafosse served as hostesses.

Games were played and the prizes won by Mrs. David Humphrey and Mrs. Mary Zickafosse, were given to the honored guest. The door prize was won by Miss Carol Ann Vogt.

Refreshments were served to Mrs. Charles Garrett, Mrs. Glenn Hartsaugh, Mrs. George Porter, Mrs. Richard Garrett and children, Connie and Tammy, Mrs. Fred Vogt and children, Sharon and Brian, Mrs. Glen Whitten and son Michael, Mrs. Edna Taylor and daughter, Sandy, Mrs. Arthur Sherman, Mrs. Evelyn Ramey, Mrs. Lilly White, Miss Janet Barnhart, Miss Ellen Ickafosse, Miss Sue Porter, Miss Ellen Sherman, Miss Linda Garrett and Miss Rachael Baldwin.

Gifts were sent by Mrs. Peter Thomas, Mrs. Floyd Zickafosse, Mrs. Ralph Boyer, Mrs. Rose Harch and Mrs. Loring Allen Sr.

COLLEGE BOUND — Miss Sherry Wright, daughter of Mr. and Mrs. Virgil Wright, Route 1, Stoutsville, is leaving for Provo, Utah, to enter Brigham Young University for the summer session. She plans to major in psychology. Miss Wright is a 1963 graduate of Amanda-Clearcreek High School where she was in the upper fifth of her class.

Couple United in Candlelight Ceremony

Miss Beverly Kaye Morrison, daughter of Mr. and Mrs. Elwood Fridley Morrison, Ashville, became the bride of Mr. Charles Philip Griesheimer, son of Mr. and Mrs. Frank Griesheimer, Chillicothe, at 7:30 p. m. April 27 in the First English Lutheran Church, Ashville.

The Rev. Alvin Drewes performed the double ring candlelight ceremony before an altar decorated with bouquets of white snapdragons and pink carnations flanked with palms and seven-branch candelabra.

Miss Susan Dum presented a program of appropriate nuptial selections on the church organ.

Given in marriage by her father, the bride wore a princess style gown of bouquet tafetta and silk organza. Hand-run Alencon lace highlighted the bodice fashioned with a scalloped portrait neckline and long sleeves that tapered to points over the hands. Lace motifs enhanced the front panel of the skirt which flowed into a chapel train.

A dome shaped crown of seed pearls and crystals held her bouffant veil of French silk illusion and she carried a white Bible topped with a white orchid surrounded by a cascade of feathered white carnations accented with sequins.

Mrs. Paul Burris, Columbus, was matron of honor. Miss Karen Mitchell and Miss Patricia Nicholson, Columbus, were bridesmaids. They wore gowns of powder blue silk organza fashioned with scoop necklines, and brief sleeves. Their street length skirts, with controlled fullness, were accented with a bustle of copenblue. A Doir bow bandeau held their circle veils. The honor attendant carried a star-shaped colonial bouquet of white carnations and pink sweetheart roses. The bridesmaids carried colonial bouquets of white carnations and pink sweetheart roses.

Mr. Robert Newkirk, Columbus,

MRS. CHARLES PHILIP GRIESHEIMER

served as best man and ushers were Mr. Richard Richter, Chillicothe, and Mr. Jay Morrison, brother of the bride.

Mrs. Morrison chose for her daughter's wedding a light blue lace dress with white accessories. The mother of the bridegroom wore a light blue dress with matching accessories. Both wore corsages of white feathered carnations and pink sweetheart roses.

A reception was held in the church following the wedding. A four-tiered wedding cake, encircled with greenery and pink carnations, was centered on a linen covered table. Hostesses were Mrs. George

Allen Griffot, Mrs. Robert Thompson, Mrs. Jack Jameson, Columbus and Mrs. Thomas Conner of Indiana. Miss Dianne Nance, Ashville, presided at the guest book.

The new Mrs. Griesheimer is a graduate of Ashville-Harrison High School and Riverside White Cross School of Nursing.

Mr. Griesheimer is a graduate of Chillicothe High School and served three years with the U. S. Marine Corps. He is presently employed by the Clinton County Air Force Base in Wilmington.

Out-of-town guests were from Circleville, Columbus, Chillicothe, Grove City, Indiana, Illinois, Reynoldsburg and Wilmington.

Personals

Mr. and Mrs. George B. Kerr, 419 Watt St., and granddaughter, Brenda, were weekend visitors of Mr. and Mrs. A. D. Colman of Morehead, Ky., who also had as guests their daughter and grandson, Mrs. George B. Kerr and son of Raleigh, N. C.

Try having that pie filling warm when you add meringue and bake immediately. Some good cooks say this method reduces leakage. Be sure to use two tablespoons of sugar for each egg white for the meringue because less than that amount may make the meringue less tender than it should be and on the tough side.

The couple will reside in Pilot Mountain, N. C., where the bridegroom is employed.

Wedding Plans Are Completed

Plans have been completed for the open church wedding of Miss Judith Jenkins, daughter of Mr. and Mrs. Joseph J. Jenkins, Tarleton, to Mr. John David Pontius, son of Mr. and Mrs. Harold Pontius, Route 1.

The ceremony will be held 7:30 p. m. Saturday in the Tarleton Methodist Church.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were

so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute.

This substance is now available in suppository or ointment form under the name Preparation H®. At all drug counters.

Minister Addresses Nurses

The Rev. Henry Walters was guest speaker at a recent meeting of the Pickaway County Registered and Graduate Nurses' Assn. held in the home of Mrs. Robert G. Smith.

Mr. Walters spoke on the minister and the sick as related to the nursing profession. Several examples were given of psychosomatic illnesses and recovery with proper treatment. It is the minister's place to help give peace of mind and this in turn helps recovery. But also a nurse's attitude and care of the patient must be optimistic. He urged that nurse's be more firm with visitors for the sake of the patient and discourage smoking, excessive visiting and over-tiring the patient.

He concluded by citing Christ's purposes in coming. To save, to teach and to heal, each in which a nurse can assist if she will put forth the effort.

Mrs. Charles Heimann, president, presided at the meeting. There were twenty-five members and one guest, Miss Evelyn Van Fossen, present.

Annual reports were given by various committee heads and a request was made for all absent

members to send in their money for the bakeless bake sale.

The following slate of officers was presented by Mrs. Robert Denman: Mrs. Helmann, president; Mrs. Clifford Roll, vice president; Mrs. John Byers, corresponding secretary; Miss Margaret Anderson, recording secretary; Miss Eleanor Wilson, treasurer; Mrs. Ted Foster, member-at-large.

Volunteers for the June 7 Blood Bank were Mrs. Denman, Mrs. Charles Wellman and Mr. and Mrs. Heimann. Well-Child volunteers were Mrs. Paul Fenstermaker and Mrs. Ralph Byers.

Refreshments were served by the hostess. Assisting were Miss Wilson and Miss Josephine Higgins. The next meeting will be the annual picnic at the home of Mrs. Dick Robinson.

Want a flavorful crust for a deep-dish meat pie? Add half a cup of grated cheddar cheese to half a package of pastry mix and make up according to package directions. Roll out and fit over top of dish.

TWO KINDS OF GOITER

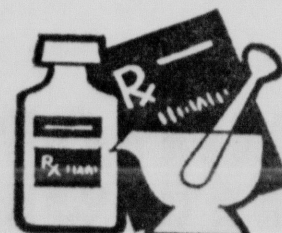

Q. What causes goiter? Is goiter in any way related to diet?

A. Simple (endemic) goiter is an enlargement of the thyroid gland due to inadequate intake of iodine. That's why we use iodized salt . . . to overcome any deficiency of iodine. Toxic goiter (thyrotoxicosis) is a condition which results from excessive secretion of the thyroid gland. This is a medical and/or surgical problem which must be dealt with by a physician. It should be remembered that the term "goiter" does not in itself mean disease, but rather enlargement or a tissue change involving the thyroid gland.

ASIAN FLU VACCINE

Q. Is it possible to contract Asian flu as the result of taking the vaccine? For how long is a person protected by Asian flu vaccine?

A. Flu vaccine will not induce the disease although some immunized persons develop an aches feeling and nasal symptoms which last a day or two after the injection. Two injections of flu vaccine provide protection for about one season. Continued protection can be obtained by taking a "booster" injection each year.

The real "miracle" of today's medicine is that so much cure costs so little.

Mrs. Wes Edstrom Jr., was chairman of the table decorating committee.

Games Highlight Party

Jorge and David Cook, sons of Mr. and Mrs. Lewis Cook Jr., 417 Ruth Ave., observed their birthdays Saturday afternoon. Jorge, 6, and David, 3, were feted with a party at their home.

Many organized games were conducted during the afternoon. The most exciting event was the "breaking of the pinata." On a rope strung ten feet above the ground a multi-colored, paper covered, candy and toy-filled three-foot clown was hung.

Individually each child was blindfolded and allowed to beat the clown attempting to release the candy and toys while the clown

continuously moved back and forth, up and down. The other children assisted by shouting directions. When the "pinata" was finally broken there was a wild scramble to gather up the goodies.

Punch fruit drink, cake and ice cream were served after the gifts were opened by the honored guests.

Present were: Susie Doering, Kimberly and Teresa Tomlinson, Nathan Dorsey, Pam and Mike Crabtree, David DeLong, Kay and Alan Emerine, Keith and Penny Connell, Aina Marie Allen, Bob by Schumm, Jeff Reichelderfer, Penny Oldaker, Dwight Plum, Pam Zwayer, Brian Bass.

Minister Addresses Nurses

The Rev. Henry Walters was guest speaker at a recent meeting of the Pickaway County Registered and Graduate Nurses' Assn. held in the home of Mrs. Robert G. Smith.

Mr. Walters spoke on the minister and the sick as related to the nursing profession. Several examples were given of psychosomatic illnesses and recovery with proper treatment. It is the minister's place to help give peace of mind and this in turn helps recovery. But also a nurse's attitude and care of the patient must be optimistic. He urged that nurse's be more firm with visitors for the sake of the patient and discourage smoking, excessive visiting and over-tiring the patient.

He concluded by citing Christ's purposes in coming. To save, to teach and to heal, each in which a nurse can assist if she will put forth the effort.

Mrs. Charles Heilmann, president, presided at the meeting. There were twenty-five members and one guest, Miss Evelyn Van Fossen, present.

Annual reports were given by various committee heads and a request was made for all absent

members to send in their money for the bakeless bake sale.

The following slate of officers was presented by Mrs. Robert Denman: Mrs. Heilmann, president; Mrs. Clifford Roll, vice president; Mrs. John Byers, corresponding secretary; Miss Margaret Anderson, recording secretary; Miss Eleanor Wilson, treasurer; Mrs. Ted Foster, member-at-large.

Volunteers for the June 7 Blood Bank were Mrs. Denman, Mrs. Charles Wellman and Mr. and Mrs. Heilmann. Well-Child volunteers were Mrs. Paul Fenstermaker and Mrs. Ralph Byers.

Refreshments were served by the hostess. Assisting were Miss Wilson and Miss Josephine Higgins. The next meeting will be the annual picnic at the home of Mrs. Dick Robinson.

Better Health Through Knowledge

TWO KINDS OF GOITER

Q. What causes goiter? Is goiter in any way related to diet?

A. Simple (endemic) goiter is an enlargement of the thyroid gland due to inadequate intake of iodine. That's why we use iodized salt . . . to overcome any deficiency of iodine. Toxic goiter (thyrotoxicosis) is a condition which results from excessive secretion of the thyroid gland. This is a medical and/or surgical problem which must be dealt with by a physician. It should be remembered that the term "goiter" does not in itself mean disease, but rather enlargement or a tissue change involving the thyroid gland.

ASIAN FLU VACCINE

Q. Is it possible to contract Asian flu as the result of taking the vaccine? For how long is a person protected by Asian flu vaccine?

A. Flu vaccine will not induce the disease although some immunized persons develop an achy feeling and nasal symptoms which last a day or two after the injection. Two injections of flu vaccine provide protection for about one season. Continued protection can be obtained by taking a "booster" injection each year.

The real "miracle" of today's medicine is that so much cure costs so little.

Couple United in Candlelight Ceremony

Miss Beverly Kaye Morrison, daughter of Mr. and Mrs. Elwood Fridley Morrison, Ashville, became the bride of Mr. Charles Philip Griesheimer, son of Mr. and Mrs. Frank Griesheimer, Chillicothe, at 7:30 p. m. April 27 in the First English Lutheran Church, Ashville.

The Rev. Alvin Drewes performed the double ring candlelight ceremony before an altar decorated with bouquets of white snapdragons and pink carnations flanked with palms and seven-branch candelabra.

Miss Susan Dum presented a program of appropriate nuptial selections on the church organ.

Given in marriage by her father, the bride wore a princess style gown of bouquet taffeta and silk organza. Hand-run Alencon lace highlighted the bodice fashioned with a scalloped portrait neckline and long sleeves that tapered to points over the hands. Lace motifs enhanced the front panel of the skirt which flowed into a chapel train.

A dome shaped crown of seed pearls and crystals held her bouffant veil of French silk illusion and she carried a white Bible topped with a white orchid surrounded by a cascade of feathered white carnations accented with sequins.

Mrs. Paul Burris, Columbus, was matron of honor, Miss Karen Mitchell and Miss Patricia Nicholson, Columbus, were bridesmaids. They wore gowns of powder blue silk organza fashioned with scoop necklines, and brief sleeves. Their street length skirts, with controlled fullness, were accented with a bustle of copenblue. A Doir bow bandeau held their circle veils. The honor attendant carried a star-shaped colonial bouquet of white carnations and pink sweetheart roses. The bridesmaids carried colonial bouquets of white carnations and pink sweetheart roses.

Mr. Robert Newkirk, Columbus,

MRS. CHARLES PHILIP GRIESHEIMER

served as best man and ushers were Mr. Richard Richter, Chillicothe, and Mr. Jay Morrison, brother of the bride.

Mrs. Morrison chose for her daughter's wedding a light blue lace dress with white accessories. The mother of the bridegroom wore a light blue dress with matching accessories. Both wore corsages of white feathered carnations and pink sweetheart roses.

A reception was held in the church following the wedding. A four-tiered wedding cake, encircled with greenery and pink carnations, was centered on a linen covered table. Hostesses were Mrs. George

Allen Grifflot, Mrs. Robert Thompson, Mrs. Jack Jameson, Columbus and Mrs. Thomas Conner of Indiana. Miss Dianne Nance, Ashville, presided at the guest book.

The new Mrs. Griesheimer is a graduate of Ashville-Harrison High School and Riverside White Cross School of Nursing.

Mr. Griesheimer is a graduate of Chillicothe High School and served three years with the U. S. Marine Corps. He is presently employed by the Clinton County Air Force Base in Wilmington.

Out-of-town guests were from Circleville, Columbus, Chillicothe, Grove City, Indiana, Illinois, Reynoldsburg and Wilmington.

Personals

Mr. and Mrs. George B. Kerr, 419 Watt St., and granddaughter, Brenda, were weekend visitors of Mr. and Mrs. A. D. Colman of Morehead, Ky., who also had as guests their daughter and grandson of Mr. George B. Kerr and son of Raleigh, N. C.

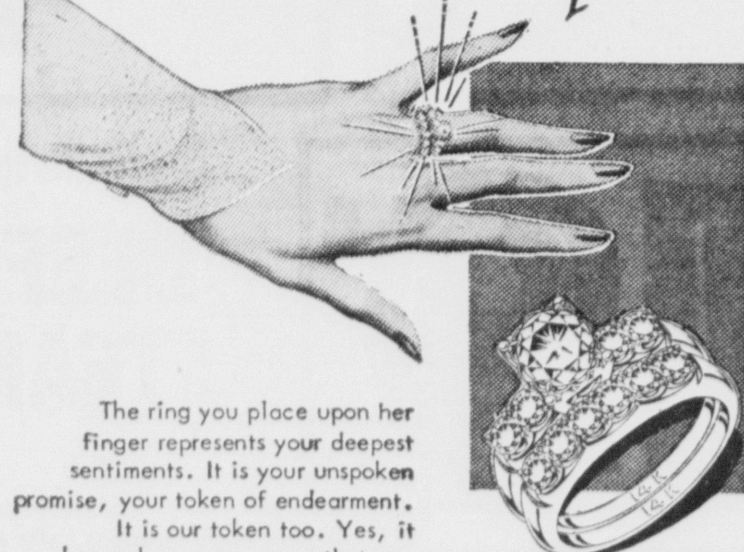

Try having that pie filling warm when you add meringue and bake immediately. Some good cooks say this method reduces leakage. Be sure to use two tablespoons of sugar for each egg white for the meringue because less than that amount may make the meringue less tender than it should be and on the tough side.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain—without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Preparation H®. At all drug counters.

The World Today

By James Marlow

WASHINGTON (AP)—This limp year in which Congress has dragged its feet and the big powers look like bears in a slow waltz, may yet be memorable and even tense at home, if not abroad.

Racial barriers, caught between the Supreme Court decisions against state-imposed segregation and Negro demonstrations against segregation in all its forms, are crumbling in the South.

But even by year's end they will still be far from eliminated. Because of white resistance to the crumbling and Negro insistence upon hastening it, racial explosions in the South could turn this into an agonizing year.

And it can't even be guessed what will happen in Alabama if Gov. George C. Wallace insists on defying a federal court order—and President Kennedy uses troops to back it up—to admit Negroes to the University of Alabama.

In Congress this has been a dull, slow time. From the beginning of his term Kennedy has leaned over backwards to get along with Southern Democrats, even when they hurled roadblocks at some of his programs, like medical care for the aged.

On other programs they've been of help to him.

But the pleasant relationship may turn sour and the help diminish if he really pushes hard for civil rights measures with teeth at the very time he's hoping Congress will give him the kind of tax cut program he's pleaded for.

Southern opposition to civil rights legislation, with the filibuster and all the dragged-out days and nights that means, could keep Congress in session on into fall.

And if he does push for civil rights bills Kennedy will have to think of what Southern antagonism will mean to Democratic party unity in 1964 and his chance for a second term.

Abroad, this year has been a kind of stumbling time for both

the United States and its allies on one side and communism on the other.

Premier Khrushchev has avoided new crises. His time seems to have been taken up with:

Aberdeen School Issue May Be Put on Ballot

GEORGETOWN, Ohio (AP) — The issue of where children at nearby Aberdeen go to school next fall probably will be settled this summer by a special referendum election. The Board of Petitions has certified a referendum petition signed by more than 400 persons.

The school will be closed and the majority of the Aberdeen Board of Education wants to merge the Aberdeen - Huntington School District with Manchester. The minority, plus the Brown County School Board, want to merge Aberdeen with the Ripley District.

1. Recovering from the bang to his prestige—after being forced to pull his missiles out of Cuba last fall—and perhaps pondering some other strategy of tit-for-tat to make the United States back down on something.

2. Trying to avoid a violent break with his Red Chinese critics while trying to rally world Communist opinion to his side before he has a showdown with the Chinese Communists. Some kind of showdown seems certain.

Meanwhile Kennedy has had his hands full trying to preserve allied unity—both on trade and defense—after French President de Gaulle cracked it at the seams with his tactics.

So the Kennedy administration has been wrestling with its allies over tariffs while offering plans, which sound far bigger than they look, for a NATO nuclear force.

In short this first half of 1963 has been pretty much a time of preparation for the last half.

Among the more pleasant sights to be seen on TV repeat shows this summer will be shapely Donna Douglas in "The Beverly Hillbillies."

Deluge of Television Reruns Scheduled for Summer Viewing

By ED MISURELL

Whatever the coming summer brings in the way of variations in climate, you can be sure that such uncertainties will not extend a warm weather television fare. A detailed check of summer network schedules reveals that some 80 per cent of the shows to be offered to viewers during the vacation period will consist of taped or filmed repeats.

In TV's earlier years, summer replacements were the means of introducing new and often stimulating ideas, programs or faces. Such practice has become virtually extinct except in a few minor instances. Today's viewers have to settle for reruns of such shows as "Sam Benedict," "The Beverly Hillbillies," "Ozzie and Harriet," "The Virginian," "Twilight Zone" and "The Defenders."

Why the interminable list of repeats?

The answer is a simple one which some network officials are loath to discuss — money. The economics of the medium today have brought about a situation that virtually forces TV producers to repeat their shows at least once and sometimes a number of times to recoup the money they originally put into them.

A decade ago, a half-hour program might cost \$7,500; today a guest star alone frequently receives this sum. As a result of rising production costs a half-hour film show telecast last winter cost \$50,000 or more; an hour show runs \$110,000 or better and, if filmed in color, an average of \$125,000.

Questioned on the economics prompting re-runs, one network vice president cited the following reasons (carefully omitting the mention of money) for rebroadcasts: A — performers, writers, producers, directors and all connected with a particular show go on vacation. B — the vacation gives creative personnel an opportunity to plan for the coming season. C — even the most popular show in a television reaches only a fraction of the total available audience so that rebroadcasts give viewers a chance to see shows they may have missed.

More to the point was Ted Fetter, vice president and program director of the ABC-TV network. "Yes," he replied, "the economics of the business are such that the cost of a single episode, whether it be a half-hour or an hour show cannot be recouped by only one showing. In fact, some series only begin to show a profit after second re-runs (syndication), and foreign sales account for a substan-

tial part of the over-all earnings of a successful series."

Discussing repeat programs, Walter Scott, executive vice president of the NBC-TV network, said, "Summer viewing drops almost exactly 33 per cent from maximum January-February levels, composition of audiences remains essentially the same, and re-runs attract larger audiences than summer replacements. The last factor is particularly interesting. Even a successful program will be watched by only about 35 per cent of the potential viewers the first time around. This means that 're-runs' are actually 'first runs' to some 65 per cent of the audience."

With the smaller and "new" summer audience in mind, networks accordingly adjust their rates to advertisers sponsoring the reruns. The half-hour program that originally cost \$50,000 can be had for \$10,000 to \$20,000 for a second showing; the hour-long, \$110,000 film for \$20,000 to \$40,000.

In addition, to persuade sponsors to use their facilities all year round and not just in the winter season the networks give sizable discounts to sponsors who buy time on a yearly basis.

Unfortunately for viewers, the ratio pattern between first runs and repeats is changing. A while back, the original setup called for 39 originals and 13 repeats. This is now dropping to 32 originals and 18 repeats in a number of instances.

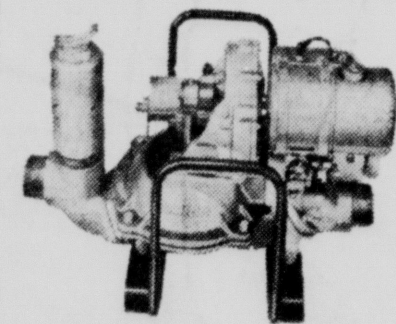

Xenia Girl, 16, Enters Women's Airplane Race

WELLAND, Ont. (AP) — The youngest competitor among 45 women who take off Tuesday in the start of the 1,420-mile All Women's International Air Race to Hollywood, Fla., is an Ohioan. Roberta Netley of Xenia, Ohio, just 16 and holder of a student pilot certificate, will fly as a co-pilot.

A mother-daughter team in the race are former Ohioan Margaret Callaway of Hermosa Beach, Calif., and daughter, Margo.

Living costs represent 80 per cent of the present budget at public colleges and about 65 per cent in private ones.

How Weather Looks Today

COLUMBUS, Ohio (AP)—Official Weather Bureau Summary of Ohio's weather outlook:

Partly cloudy skies and dry weather prevailed over most of Ohio Sunday night and early today. The only exception was in the extreme southern sections of the state where a few sprinkles of rain were reported at Chesapeake.

Temperatures at sunrise today were quite mild over the southern portions of the state. Dayton had 61 and Columbus, Cincinnati and Chesapeake 60. In the north, Toledo was coolest with 47 and Youngstown had 50.

A low pressure system, centered in the lower Ohio Valley this morning, is expected to move eastward, spreading showers and scattered thundershowers over Ohio tonight and Tuesday.

Little temperature change is expected through Tuesday.

OHIO FIVE DAY FORECASTS SOUTHERN & CENTRAL OHIO

Temperatures will average a little below normal. Normal high 76-82, normal low 54-58. Only minor changes until a little cooler about end of week. Rainfall will total about one inch in scattered thundershowers Tuesday, again over weekend.

NORTHERN OHIO — Temperatures will average two to four degrees above normal. Normal high 74-76, normal low 52-55. Little day-to-day changes through mid-week, followed by warming trend during latter part of week. Rainfall will total about one fourth inch Monday until early Wednesday, again toward end of week.

All Bottled Up

LOUISVILLE, Ky. (AP) — When William Campbell took over a new milk route, he got bottled up in his job.

He stopped on one street and was spotted by Mrs. John Herchenroeder. She waited and waited but Campbell failed to get out of the vehicle.

She investigated and heard a faint tapping. Campbell had been trapped in the storage compartment and was unable to find the handle. He was driving a new truck.

Dear Abby:

by Abigail Van Buren

She Might Start a Vogue!

DEAR ABBY: Could you please tell me what is the matter with the fashion world today? I am planning to be married this summer. I have been all over town trying to find a dressy fitted suit in which to be married and there is not one to be had. Everything I have seen has a short boxy jacket, which is too sporty. Now I am not criticizing Mrs. Jackie Kennedy, because she looks good in short boxy jackets, but why does every woman in the country have to dress like Jackie Kennedy? I am sure I am not the only woman who feels this way. I admire her, but I don't want to dress like her. I will get married in a burlesque dress before I buy one of those boxy suits. Please, Dear Abby, come to our rescue and get the fashion world on the ball so we can have a variety of styles to choose from.

OUT OF VOGUE

DEAR ABBY: If a store doesn't have what you want, ask the buyer to order it for you. If he can't order it, find yourself a pattern and make it. If you can't sew—find someone who can. If you give up and wear a "burlesque" dress, you'll still look like Jackie Kennedy. I understand that's what she's going to wear this summer.

DEAR ABBY: I am the treasurer of the 11th grade at my school and I sort of lost \$42.69, and I

don't know what to do. Could you please give me some advice? Thank you.

WORRIED

DEAR WORRIED: As treasurer of the class, the responsibility of the money is yours. Sort of "borrow" it from your father and pay him back if you have to work all summer.

DEAR ABBY I am 18 and have been going with this guy for four years. We planned to be married in June but he got his papers to take a physical and, after 21 days, they can draft him any time. I want to get married, stay home and work until he's out of boot camp, save the allotment checks and then join him when he gets stationed. He wants to wait two years and then get married. I say if he loves me as much as I love him, he'll marry me now. It's not a money problem. He has a big sum in the bank. What do you advise me to do? Please print this. Deluge of Television Reruns Scheduled for Summer Viewing

By ED MISURELL

Whatever the coming summer brings in the way of variations in climate, you can be sure that such uncertainties will not extend a warm weather television fare. A detailed check of summer network schedules reveals that some 80 per cent of the shows to be offered to viewers during the vacation period will consist of taped or filmed repeats.

In TV's earlier years, summer replacements were the means of introducing new and often stimulating ideas, programs or faces. Such practice has become virtually extinct except in a few minor instances. Today's viewers have to settle for reruns of such shows as "Sam Benedict," "The Beverly Hillbillies," "Ozzie and Harriet," "The Virginian," "Twilight Zone" and "The Defenders."

Why the interminable list of repeats?

The answer is a simple one which some network officials are loath to discuss — money. Feeder Cattle Shipment Up In Midwest

WASHINGTON (AP)—The Agriculture Department reported today that shipment of cattle and calves into midwestern corn belt for fattening for slaughter is running 1 per cent greater than a year ago.

Shipment of sheep and lambs into the same area for the same purpose is down 9 per cent.

The number of stocker and feeder cattle sent into the north central states during the first four months of this year was 1.4 million head and the number of sheep and lambs was 511,000 head.

April shipments of cattle and calves totaled 487,000, up 16 per cent over a year earlier. This increase appeared to indicate that cattlemen had gotten over their scare of a price decline during the winter and early spring, particularly for slaughter cattle.

Iowa continued as the leading state in receipts of outside cattle and calves, with 490,000 head for the four-month period. Nebraska was next with 366,000 and Illinois third with 197,000.

Iowa also led in sheep and lambs with receipt of 216,000 head during the four-month period. South Dakota was second with 81,000 and Nebraska third with 75,000.

WASHINGTON (AP) — Price support rates for 1963-crop oats by producing counties will range from a low of 51 cents a bushel in some counties in North Dakota to a high of 68 cents in parts of Wisconsin.

Support prices are designed to average 63 cents a bushel nationally for Grade No. 3, compared with 62 cents last year.

WASHINGTON (AP) — The Farmers Home Administration is accepting loan applications for non-profit groups and corporations to finance rental housing for senior citizens in rural areas.

Groups eligible to receive loans from a revolving fund expected to reach 250 million include private non-profit corporations and a consumer cooperatives established to provide housing for their members.

The interest rate on such loans is 3.5 per cent a year. Loans are repayable for a term up to 50 years.

WASHINGTON (AP)—The Agriculture Department reports that use of fertilizer continues to expand both in terms of acres fertilized and the rates applied per acre.

Farmers were said to be fertilizing more than half their cropland, compared with only 30 per cent in 1954. Crops receiving the largest percentage of fertilized acres are tobacco, sugar, potatoes, vegetables, fruits corn and cotton.

Silent Amendments

Chief Justice Rips Lawyers For Hush on Vital Issues

EDITOR'S NOTE—Chief Justice Earl Warren has taken America's lawyers to task for remaining silent while 16 state approved at least one of three proposed states rights amendments to the U.S. Constitution. "For the bar of America to be as inactive as it has been in this situation," Warren says, "is almost an abdication of its responsibility to the public." In this first of three articles, Associated Press staff writer Stanley Meisler describes the strange, silent drive behind this amendment aimed at curtailing federal government powers.

By STANLEY MEISLER

WASHINGTON (AP) —Without trumpeting or the beating of drums, 16 states have slipped into a strange, silent parade to amend the U.S. constitution and curtail the power of the federal government.

These states have approved at last one of three proposed constitutional amendments designed by men piqued at the U. S. Supreme Court and alarmed at the ballooning power of Washington in the 20th century.

"If the proposals of this magnitude had been made in the early days of the republic," Chief Justice Earl Warren said recently, "the voices of the lawyers of that time would have been heard from on end of our land to the other." Warren has called for a great national debate, and, of late, a chorus of opposition has started to sound.

The most significant outcry has come from President Kennedy, who told a news conference recently:

"It's always seemed to me remarkable that those people . . . in order to defend the Constitution should seek always to change it, and particularly to change it in such a basic way. . . . I would think that the efforts will come to nothing, and I will be glad when they do not."

A survey of state legislatures shows that so far this year 16 completed actions on resolutions proposing at least one of these amendments. The total will be 17 as soon as South Carolina puts some minor, finishing touches on its resolutions. And the total would

be 18 if Gov. Frank Morrison of Nebraska, a Democrat, had not vetoed two resolutions passed by his state's legislature.

If 34 states approve any one of the proposals Congress is required to call a constitutional convention where it could be formally considered.

Here is what the amendments would do:

1. Make it possible for the states to propose and ratify constitutional amendments on their own — without approval of Congress or a national convention.

This has been proposed by the legislatures of 11 states. South Carolina will make it 12. Nebraska would have made it 13.

2. Wipe out federal jurisdiction over the apportionment of seats in the state legislatures.

This has been proposed by the legislatures of 12 states. South Carolina will make it 13. Nebraska would have made it 14.

3. Make it possible for certain decisions of the U. S. Supreme Court to be overruled by a "Court of the Union" comprising the chief justices of the 50 states.

This has been proposed by four states. South Carolina will make it five.

The drive for these amendments came like a knee jerk reflex to the Supreme Court's historic ruling of March 1962 that federal courts have the power to step into disputes about the reapportionment of state legislatures.

This angered many state officials, particularly, of course, legislators. Some, representing sparsely settled rural districts, feared loss of their seats if the legislatures were restricted on the basis of population.

For the first time, southerners, who had been crying themselves hoarse about the Supreme Court because of its desegregation decisions, found new northern allies ready to shout just as loud.

This anger billowed into the General Assembly of States held in Chicago last December by the Council of State Governments.

"We believe that grave imbalance now exists," Assemblyman Lloyd W. Lowrey of California said. "Some federal judicial decisions . . . are bringing about a

strong shift toward the extension of federal powers and restraint of state powers. . . ."

As a remedy, a committee headed by Lowrey and appointed by the National Legislative Council proposed the three amendments and the assembly, made up mostly of legislators, approved them.

Another committee, not officially connected with the Council of State Governments though manned by state legislators, took over the job of quietly pushing the amendments through the state legislatures.

This committee, headed by Speaker W. Stuart Helm of the Pennsylvania house, worked with so little fanfare that the proposals became known as the "silent amendments." The Texas legislature, for example, passed them with almost no discussion, with no one, in fact, explaining their purpose.

But, as states fell into line, opposition began to form and then to mushroom.

The first cry of alarm came from Prof. Charles L. Black Jr. of Yale University Law School. He called the amendments "one more attempt, so late in the day, at a confederation."

"The wisdom of peace and the sacrifices of war alike," he said, "warn against starting down that ruinous road."

After President Kennedy spoke out two weeks ago, Sen. Paul H. Douglas, D-Ill., Sen. Kenneth B. Keating, R-N.Y., and Gov. George Romney of Michigan, a Republican, joined the protest.

The Board of Governors of the influential American Bar Association—too long silent in the view of Chief Justice Warren—took part and voted its disapproval of the "Court of the Union" amendment and the amendment to change the way of amending the Constitution. The board, however, held back its views on the reapportionment amendment.

Will this opposition stop the drive? The case of New Jersey may provide the answer.

Ohio's Lawmakers Gun-Shy of Proposed U.S. Amendments

COLUMBUS, Ohio (AP) — Allowing Ohio has a reputation of being a basically conservative state, its lawmakers appear a little gun-shy of a couple of proposed constitutional amendments which would limit federal authority.

As things stand now, there appears to be only the remotest chance that the Ohio Legislature will adopt resolutions which would:

—Prohibit federal courts from intervening in state legislative apportionment.

—Permit states to bypass Congress and initiate and adopt amendments to the state constitution.

A third amendment proposal already before some state legislatures would create a "Court of the Union"—made up of the chief justices of the 50 states—which could overrule the U.S. Supreme Court. It has not even been submitted to Ohio lawmakers.

Senate Majority Leader C. Stanley Mechem, R-Athens, has come out strongly on the proposal which would bar federal courts from tinkering with state legislative apportionment.

But House Speaker Roger Cloud R-Logan, appears cool to all such proposals as now written.

"I feel we need a federal constitutional convention to get a few things straightened out," Cloud says, "and to set a few guidelines for the Supreme Court in how far it can go in its decisions."

Cloud adds that he believes the federal courts have no business considering legislative apportionment and adds he believes it is quite proper for one house of a legislature to be elected on a strict population basis which the second has "some degree of geographic representation."

The Ohio Senate, under the Ohio Constitution, comes close to popular representation, but the House has at least one member from each of Ohio's 88 counties, no matter how small.

The constitutional provision which gives each county at least one member in the Ohio House is known as the Hanna Amendment. It was adopted in 1903.

U.S. District Court in Cincinnati is expected to rule soon on a lawsuit attacking the Hanna Amendment.

The big squawk by those seeking to knock out the amendment is that each House member represents a wide disparity of voters. Opponents of the amendment take delight in pointing out that while the representative from Vinton County represents only about 10,000 population, members from such big counties as Cuyahoga (Cleveland) Hamilton (Cleveland) Franklin (Columbus) and others represent about 100,000 people each.

Despite Sen. Mechem's stout stand in favor of an amendment

passed two of the amendments. Then Gov. Richard J. Hughes, a Democrat, and U.S. Sen. Clifford Case, a Republican, lashed into the amendments. Two weeks ago, week, it recalled the other.

A Senate-Assembly hearing on the amendments is expected this summer. The battle is not over in New Jersey, but it can hardly be a silent one now.

Next: The states rights amendments have a long, complicated road to travel. But one of the amendments would ease that road in the future.

to keep federal courts from meddling with state apportionment matters, he appears to have enough opposition in his own party to block senate adoption. Four senators reportedly oppose the resolution. Against the background of dissonance in the Republican Party on the measure to curb federal court powers in apportionment cases, Democrats got into the act today. Democratic State Chairman William L. Coleman issued a statement that the resolution "strikes a serious blow to representative government."

The Democratic chieftain asserted Mechem's statement issued last Thursday would seem to

that would leave Mechem a couple votes short of enough for passage.

Miss Edith Mauger of Cincinnati spent the weekend here with her mother, Mrs. Joseph Mauger.

Mrs. Sylvester Wilson and her son-in-law and daughter, Mr. and Mrs. Floyd Nicols of Marysville, were Sunday afternoon visitors at the homes of Mrs. Wilson's brothers-in-law and sisters, Mr. and Mrs. John Davis and Mr. and Mrs. Harley Davis.

Mr. and Mrs. William McNeal and daughters, Diane and Norma Jean visited with his brother-in-law and sister, Mr. and Mrs. Ray Kern in their new home near Chillicothe, Sunday afternoon.

Mr. Jerry Patrick, an Ohio State University student, spent the weekend here with his parents, Mr. and Mrs. Dane Patrick.

Sunday evening guests of Mrs. Celia Hinton were her son-in-law and daughter, Mr. and Mrs. George Bevins and children, of Columbus. Mrs. Hinton, her daughter and granddaughter, Vicki later attended Baccalaureate services at Centralia.

Mrs. Lily Hinton, Miss Edna Rice, Mrs. Nora Dyer, Mrs. Dolly McAfee, Mrs. Nona Hankins and Miss Mary Harpster attended the Group Institute held by the Women's Christian Temperance Union in the Methodist Church at Orient, Ohio, Friday. It was an all-day event with a covered dish dinner at noon.

Miss Ora Rittenour is spending several days with her brother-in-law and sister, Dr. and Mrs. Clyde S. Reed. She accompanied them when they returned to their Harbor Hills home on Saturday.

Mrs. Mary Evans and her brother, Virgil Stonerock, were called to Dayton last Sunday by the death of their uncle, Mr. Harry Stonerock.

Mr. and Mrs. Robert Wolfe of Columbus were Sunday afternoon guests of his uncle and aunt, Mr. and Mrs. Lawrence Betz.

Mrs. Albert Jackson and daughter Terry of Circleville were Sunday afternoon callers of her parents, Mr. and Mrs. Roy Canter. Denise returned home with them after spending the weekend with her grandparents.

Mr. and Mrs. Melvin Atwood visited her parents, Mr. and Mrs. John Stoneburner at their home in Ray Sunday evening and brought their children home after the weekend at their grandparents.

Mr. and Mrs. Curtis Dumm spent Sunday with his parents, Mr. and Mrs. Fred Dumm.

Mr. and Mrs. Mike Hopkins and sons Mike and David were Saturday night and Sunday guests of his father, Mr. Oscar Hopkins and family at their home in Fairborn.

Mrs. John W. Boggs and children Johnny and Suzanne and her father, Mr. William Harrington, were among those making the tour of the Chillicothe Telephone Co. Sunday afternoon. Sunday evening Mr. and Mrs. Boggs, the children and Mr. Harrington were dinner guests of Mr. Boggs' parents, Mr. and Mrs. Fred Boggs of Circleville.

Mrs. Claude Reynolds visited her son and daughter-in-law, Mr. and Mrs. Kenneth Reynolds at their home in Chillicothe, Sunday evening.

Mrs. William S. Rhoades and Mrs. Lawrence Betz accompanied Mrs. Lois Jones and Miss Margaret Thomas to Columbus where they boarded a plane that was to fly them to San Juan, Puerto Rico for a visit with Mrs. Jones daughter, Mrs. Henry Negron and her family. They later called on Mrs. Sadie Huntsbury and Mr. and Mrs. Pearl Betz.

Mr. and Mrs. Wayne Fout and daughter, Peggy, were all-day guests of his brother-in-law and sister, Mr. and Mrs. Bert Jones at their home in Dayton.

Mr. John Davis, Mr. Lawrence Betz and Mr. Wallace Evans left Tuesday morning for a fishing trip at Lake Erie.

Mrs. Charles French Sr. is recovering following surgery last Monday in Berger Hospital where she is still a patient. According to her daughter, Mrs. Howard Carroll, who visited her Monday afternoon, she expects to return to her home here early next week.

Mrs. Marvin Spangler and her class of First Graders visited Fire Station No. 1 in Chillicothe Monday morning and spent the afternoon at the Whitten farm east of Kingston where they reviewed the buffalo belonging to the owner of the farm, Robert Litter.

BOSTON STRANGLER?—Pictures of Richard C. Lang (above) were sent from New York to Boston for investigation of the 24-year-old ex-convict in the strangulation of 10 women in the Boston area. Lang reportedly admitted the lover's lane slaying of Ann Mary Lund, 21.

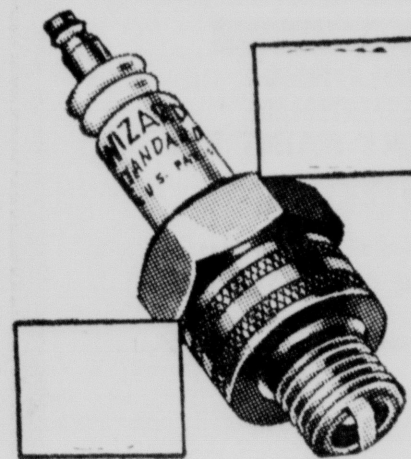

Litter-caused fires cost the country over \$70 million annually, says Keep America Beautiful, Inc. The nonprofit organization also says between 750 and 800 Americans are killed and some 75,000 injured every year as a result of cars hitting or swerving to avoid objects dropped on highways by litterbugs.

New Tax Cut Bill's Changes So Far Are Raising Levies

WASHINGTON (AP)—The 1963 tax cut bill is a tax raising bill so far.

The House Ways and Means Committee, in sticking together its version of President Kennedy's tax revision and reduction legislation has been concentrating mostly on changes that tend to increase revenues.

The last decision it is scheduled to make is on the new rates—or in other words, the principal tax cuts.

Kennedy has recommended a net reduction of about \$10.3 billion, spaced over three years. The committee may cross this bridge in about two weeks.

Meanwhile it has reached agree-

ment, subject to later review, on six items. The net effect of the agreements is an addition of \$136 million to the annual tax take.

Only one of the provisions so far adopted would reduce taxes.

The committee has voted a \$40 million break to people whose incomes fluctuate widely—such as actors, authors and professional athletes. They would be allowed an averaging system that would help them stay in lower tax brackets in their high-income years.

Of the other changes agreed on, two relating to charitable deductions have only minor revenue effect and three are definite tax raisers.

The committee voted for a sub-

stantial cutback in the tax advantage now given sick pay, for an estimated \$10 million increase in revenues. It approved tighter restrictions on casualty losses deductible from income, a \$60 million pickup. Taxing employees on the value of premiums paid by

their employers on large—\$30,000 and above—group life insurance policies was also approved, but was figured to be worth only \$6 million in additional revenues.

Bye Bye Birdie

ALBERT LEA, Minn. (AP) — This call to the fire department was really one for the birds. A robin, stuck in a tree with his foot caught in a piece of string, was rescued by firemen. They untangled the string and the bird flew away.

Tiger Foursome Runnerup Team in State Competition

The Circleville High School golf team added a 326 to the 320 round shot Friday to win runnerup honors in the state golf competition Saturday at the Ohio State University Scarlet course.

Kettering Fairmount carded an almost unbelievable 312 Saturday to win the event with a 638 total, just eight strokes ahead of the local linksters.

"The match was close and we didn't really lose it until the last two holes," said Bob Ransom, Tiger golf mentor.

"I'm real proud of the boys. We weren't surprised at our second place finish in the tournament. We really expected to win it after our 320 round Friday," Ransom commented. "In fact if we could have shot the second nine as well as the first nine Saturday we would have finished with a 638."

"TOM BIVENS, finishing with a 77 Saturday, three-putted both the 17th and 18th greens. Tim Dickinson three-putted the last hole and Helwag double bogied the last two holes while Fuhrman triple bogied the last hole.

"We could have picked up eight strokes right there," reported an only slightly disappointed Ransom. Bivens with an 83 in the first day's round came back with a 77 Saturday. Dickinson brought an opening day round of 83 down to 80 on the second day.

Helwag, pacing the Tiger foursome on Friday with a 75, had one of his worst days of the season Saturday, shooting an 87. Fuhrman shot a 79 the first day and 82 the second.

Individual honors went to Alex Antonio, who broke Jack Nicklaus' record at the Scarlet course with rounds of 71 both days for a 142 total. Nicklaus set the old high school mark of 144 in 1956.

Antonio's father was a former pro at the Pickaway Country Club.

HE WAS well ahead of runner up challengers Volker Krajewski of Kettering and Mike McCullough of Cambridge who had totals of 151.

Kettering was the 1961 state winner and was second last year. The champs trailed Circleville by six strokes after the first day's round.

Dan Robison had a 83-75, Mike Zimmerman an 81-82, Voker Krajewski a 75-76 and Jim Ready an 87-79 for the Kettering team.

Behind Circleville in the scoring were Troy and Hubbard with 649s, Upper Arlington with a 653 and Ashland with a 655. Ashland

Ohio Teen Stars Shine Brightly

Spring Sports Kings May Be Best Ever

COLUMBUS, Ohio (AP) — The crop of teen-age athletes on display in the high school spring sports championships here over the weekend may have been Ohio's best of all time.

Proof of the pudding were the Class AA track and field stars who rewrote half the records in their 14 events, and such other sparklers as Alex Antonio Jr. of Hubbard who erased the golf record set by the great Jack Nicklaus.

When Friday and Saturday's running, throwing and swinging were over these champions reigned:

Track—Class AA, Dayton Dunbar, Class A, Cincinnati DePores. Baseball — Class AA, Euclid; Class A, Powhatan.

Golf — Kettering Fairmount; medalist, Antonio of Hubbard. Tennis—Douglas, Paul Mitchell, Mike Jeffries, Worthington; singles, Tom Mansfield of Upper Arlington.

In the Class AA cinder meet, Martin Eisner of Cleveland Heights set records in both the shot putt and discus, heaving the lead ball 60 feet 3/4-inch and the disc 177-11. Mansfield's John Linta Jr. went 13-10 1/4 to beat the state pole vault record of 13-9 3/4 set by Linta's father 24 years ago.

In baseball, Euclid whipped Lima Senior 8-4 in the Class AA title game. Powhatan blanked previously unbeaten Dublin 3-0 in the Class A decider.

In golf, Antonio's 142 total over the rugged Ohio State Scarlet layout eclipsed the state high school meet record of 144 established by Nicklaus in 1956.

Tom Mansfield beat Joe Pierce of Dayton Oakwood 6-1, 6-4 in repeating as singles tennis champion. The Worthington tandem downed Mansfield High's Jim Goode and Dave Beard, the defending champs, 6-2, 6-3 for the doubles laurels.

was the 1962 winner.

Saturday's play capped a successful season for the Tigers. In match play they lost only to Logan at the Logan Country club. They won the South Central Ohio League championship for the second consecutive year and finished third in the Central District Competition on the University Gray course.

Bivens, Dickinson and Fuhrman are seniors while Helwag is a junior.

World Track Records Fall

One New Mark Cloaked By Odd Development

By THE ASSOCIATED PRESS
Three world track and field records fell in the West this weekend with a fourth one doomed in a bizarre development because no one thought it would happen.

Two marks came at the California relays in Modesto, Calif., as Washington's Brian Sternberg pole vaulted 16 feet 7 inches and the Oregon State University two-mile relay team turned in a 7 minute 18.9 second performance.

At Tempe, Ariz., in the Western Athletic Conference meet, New Mexico's Adolph Plummer raced 440 yards in 44.9 seconds, breaking the world mark of 45.7 by Ohio State's Glenn Davis in 1958.

The most unexpected development came at the California Relays just minutes after New Zealand's Peter Snell raced a mile in 3 minutes 54.9 seconds for a new American record just one-half second off his world record. Marine Cary Weisiger was second at 3:57.3, his best time, and Jim Beatty a well beaten third at 3:58.

Then word flashed from the broad jumping pit that someone had leaped 27 feet 4 inches, a fraction farther than the world record held by the Soviet Union's Igor Ter-Ovanesyan. Was it Ralph Boston, the Olympic champion and former record holder? No, the jumper was a University of Washington sophomore, Phil Shimmick, who earlier had failed even to qualify for the finals in the Big Six meet at Berkeley and then drove the 80 miles to Modesto and asked permission to compete.

Thirty minutes after his long jump came word that because no one gave Shimmick a chance for a record jump, now one had been tending the wind machine to determine whether the aiding breeze was below the allowable maximum of 4.473 miles per hour.

Rain Hampers Memphis Open

MEMPHIS, Tenn. (AP)—Play was scheduled to resume today in the \$50,000 Memphis Open Golf Tournament, which was rained out Sunday and Saturday, but the Weather Bureau gave no comfort. The forecast was scattered thundershowers likely in the afternoon.

The 81 pros and seven amateurs waited restlessly with two rounds —36 holes—yet to play.

Tony Lema of San Leandro, Calif., held the lead with a 6-under-par 134. Trailing by two shots were Harold Kneec of Aiken S.C.; Tommy Aaron of Gainesville, Ga.; George Knudson of Toronto and Jerry Edwards of Fort Worth.

Brazil Pockets

Cage Championship

RIO DE JANEIRO (AP)—The United States, with a chance to turn spoiler, failed in the final moments and Brazil won its second straight world basketball title.

Defending champion Brazil edged the United States 85-81 in the final game of the World Basketball Tournament Saturday and nailed down the team title with a 6-0 mark in the drawn-out seven-team round robin tournament.

Yugoslavia upset Russia 69-67 in the other game on the final night and took second with a 5-1 record. Russia was third at 4-2. The United States, beaten by Russia, Yugoslavia and Brazil, finished fourth at 3-3.

France was fifth at 2-4, Puerto Rico sixth at 1-5 and Italy last at 0-6.

Dave Roman led Pitt's basketball scorers during the regular season, getting 343 points for a 14.9 average.

33-Car Field Picked For Memorial Day

INDIANAPOLIS (AP)—The field is so fast for the 500-mile auto race Thursday that former winner Troy Ruttman will start in last place in the 33-car field.

Two weekends of wind-swept qualifying produced a line-up of 28 veterans and five newcomers who averaged 149.028 miles per hour in the 10-mile runs, against a record 147.330 last year and 145.302 in '61.

Parnelli Jones' May 18 record of 151.53 never was seriously challenged.

The trials that ended Sunday brought out a seven-car challenge to the old reliable Offenhausers which have won all of the Memorial Day Classics since Mauri Rose took the checkered flag in a Blue Crown Offy in 1947.

It was an Offy that powered Jones to his record, however.

Al Miller, a 39-year-old Indianapolis Motor Speedway rookie from Roseville, Mich., was the fastest of three drivers who made the line-up in the final session. He put a rear-engine Thompson-Harvey Titanium Special into the field at 149.603 and had one lap at 150.401.

Mickey Thompson of Long Beach, Calif., American land speed record holder, entered five of his tiny Chevrolet-powered cars and got two of them into the field. One was qualified by 50-year-old Duane Carter of Indianapolis early in the trials.

Masten Gregory, American living in Paris, also qualified one of Thompson's beetle-shaped cars but he was bumped from the field when the final listing of the best speeds left him 36th—three spots out of the line-up.

Ruttman joined three other former winners, Rodger Ward of Indianapolis, Jim Rathmann of Miami and A. J. Foyt of Houston, in the field.

The well-known drivers who failed to qualify included Len Sutton of Portland, Ore., who finished second to teammate Ward by only 11 seconds last year.

Paul Suso of Indianapolis, only active driver who raced before World War II, failed to qualify in his "Spirit Of St. Louis" after 15 starts in the 500.

Circleville Splits Twin Bill In Action at Ted Lewis Park

The Circleville High School baseball team split a double header Saturday at Ted Lewis Park, dropping the first game, 3-1, to Wilmington and winning the second, 4-2, from Miami Trace.

An inability to hit with runners on base cramped the Tigers in the first tilt as they left runners stranded in every inning except the first and last. In those two frames the locals were retired in order, failing to get a base runner on.

Their lone score came in the second inning when Fred Moore led off with a single, but was forced at second by Skip Lutz's ground ball to shortstop. Lutz was safe at first.

The next batter flied out to left field and then Bob Purcell uncorked a hard hit double that scored Lutz from first. It was the only extra base hit of the afternoon.

WILMINGTON scored a run in the first on a pair of hits, tallied again in the fifth on two hits, and an error and a fielders choice and in the sixth on an error and two singles.

George Reeser worked the entire seven innings for the Tigers, pitching a good ball game although charged with the loss. He allowed a total of only seven Wilmington players to reach base, all on singles.

Picking up the win was Davis of Wilmington who went the route for the Hurricane. He whiffed five, walked four and was touched for four hits.

In the second game, The visiting Miami Tracers scored two runs in the first inning to take an early lead, but couldn't get a runner across for the remainder of the tilt.

The visitors left a total of eight base runners stranded. A double play in the third inning, Greene to Bass to Stewart, stalled a rally in that frame.

Circleville's first run came when Freddie Moore singled, stole second, advanced to third on a fly ball to centerfield and then stole home.

IN THE FOURTH frame the Tigers put together four singles and a walk to score three runs.

Gary Stewart led off with a single, Moore cracked a line drive single to right field and then Lutz belted a single to left that scored Stewart.

Purcell walked to load the bases and Jack Cook singled to centerfield, driving in Moore and Lutz.

Dave Greene, relieved in the fifth inning by Skip Lutz, was the winning pitcher. Doyle was charged with the loss. Weaver took over the mound duties in the fourth for Miami Trace.

Greene and Lutz fanned one each. Greene walked one, Lutz two. Weaver whiffed five for Miami Trace, while Doyle fanned one and walked one.

The Tigers, 3-3 in the league, are tied for second with Wilmington and Miami Trace. They make a third attempt today to play Franklin Heights, a game twice rained out.

The Falcons are at the bottom of the loop with a 0-4 slate. Pleasant View and Hillsboro, with identical 6-1 records are the league co-champions.

Circleville Places Four on All-SCL

Circleville and Pleasant View placed four baseball players each on the All-South Central Ohio League team that was chosen yesterday by the coaches.

Making the unit for the second consecutive year was Jack Cook the Tiger catcher. George Reeser, the veteran of the Tiger pitching staff, was also picked by the coaches as was Dave Bass at second base and Dave Greene in the outfield.

Reeser, Bass and Greene are juniors while Cook is a four-year veteran of the Circleville nine.

The coaches picked four pitchers, two catchers, the regular infield plus one utility infielder and five outfielders.

GREENE was also considered by the coaches at the utility infield position. For Circleville he plays outfield, shortstop and pitcher.

Repeaters from last years team were Carl Weaver and Gerald Merriman of Miami Trace, Cook, Pat Mogan of Pleasant View, and Ron Payne of Franklin Heights.

John Warden, Pleasant View junior; Fred Cluff, Hillsboro, junior; Weaver, a senior and Reeser, were named to the pitching staff.

Rochester Star Waves Big Bat

By THE ASSOCIATED PRESS

Ron Kabbes carries one of the lightest bats in the International League, and the figures prove it, but for one day at least the Rochester second baseman swung with prodigious power.

Through 24 games this year Kabbes' batting mark was an anemic .224. His three-run homer in the opener Sunday failed to prevent a 6-4 Buffalo victory, but his grand-slam drive assured the Wings a 5-4 triumph in the night-cap.

Atlanta swept Jacksonville 5-4 and 4-0. The opener went 13 innings, and the second was called in the sixth by rain. Syracuse downed Columbus 6-3, and Toronto whipped Indianapolis 8-3. Richmond was rained out at Little Rock.

"The match was close and we didn't really lose it until the last two holes," said Bob Ransom, Tiger golf mentor.

"I'm real proud of the boys. We weren't surprised at our second place finish in the tournament. We really expected to win it after our 320 round Friday," Ransom commented. "In fact if we could have shot the second nine as well as the first nine Saturday we would have finished with a 638."

"TOM BIVENS, finishing with a 77 Saturday, three-putted both the 17th and 18th greens. Tim Dickinson three-putted the last hole and Helwagen double bogied the last two holes while Fuhrman triple bogied the last hole.

"We could have picked up eight strokes right there," reported an only slightly disappointed Ransom.

Bivens with an 83 in the first day's round came back with a 77 Saturday. Dickinson brought an opening day round of 83 down to 80 on the second day.

Helwagen, pacing the Tiger foursome on Friday with a 75, had one of his worst days of the season Saturday, shooting an 87. Fuhrman shot a 79 the first day and 82 the second.

Individual honors went to Alex Antonio, who broke Jack Nicklaus' record at the Scarlet course with rounds of 71 both days for a 142 total. Nicklaus set the old high school mark of 144 in 1956.

Antonio's father was a former pro at the Pickaway Country Club.

HE WAS well ahead of runner up challengers Volker Krajewski of Kettering and Mike McCullough of Cambridge who had totals of 151.

Kettering was the 1961 state winner and was second last year. The champs trailed Circleville by six strokes after the first day's round. Dan Robison had a 83-75, Mike Zimmerman an 81-82, Voker Krajewski a 75-76 and Jim Ready an 87-79 for the Kettering team.

Behind Circleville in the scoring were Troy and Hubbard with 649s, Upper Arlington with a 653 and Ashland with a 655. Ashland

Ohio Teen Stars Shine Brightly

Spring Sports Kings
May Be Best Ever

COLUMBUS, Ohio (AP)—The crop of teen-age athletes on display in the high school spring sports championships here over the weekend may have been Ohio's best of all time.

Proof of the pudding were the Class AA track and field stars who rewrote half the records in their 14 events, and such other sparklers as Alex Antonio Jr. of Hubbard who erased the golf record set by the great Jack Nicklaus.

When Friday and Saturday's running, throwing and swinging were over these champions reigned:

Track—Class AA, Dayton Dunbar, Class A, Cincinnati DePorres. Baseball—Class AA, Euclid; Class A, Powhatan.

Golf—Kettering Fairmont; medalist, Antonio of Hubbard. Tennis—Doubles, Paul Mitchell, Mike Jeffries, Worthington; singles, Tom Mansfield of Upper Arlington.

In the Class AA einder meet, Martin Eisner of Cleveland Heights set records in both the shot putt and discus, heaving the lead ball 66 feet 3/4-inch and the disc 177-11. Mansfield's John Linta Jr. went 13-10 1/4 to beat the state pole vault record of 13-9 1/2 set by Linta's father 24 years ago.

In baseball, Euclid whipped Lima Senior 8-4 in the Class AA title game. Powhatan blanked previously unbeaten Dublin 3-0 in the Class A decider.

In golf, Antonio's 142 total over the rugged Ohio State Scarlet layout eclipsed the state high school meet record of 144 established by Nicklaus in 1956.

Tom Mansfield beat Joe Pierce of Dayton Oakwood 6-1, 6-4 in repeating as singles tennis champion. The Worthington tandem downed Mansfield High's Jim Goode and Dave Beard, the defending champs, 6-2, 6-3 for the doubles laurels.

was the 1962 winner.

Saturday's play capped a successful season for the Tigers. In match play they lost only to Logan at the Logan Country club. They won the South Central Ohio League championship for the second consecutive year and finished third in the Central District Competition on the University Gray course.

Bivens, Dickinson and Fuhrman are seniors while Helwagen is a junior.

World Track Records Fall

One New Mark Cloaked
By Odd Development

By THE ASSOCIATED PRESS
Three world track and field records fell in the West this weekend with a fourth one doomed in a bizarre development because no one thought it would happen.

Two marks came at the California relays in Modesto, Calif., as Washington's Brian Sternberg pole vaulted 16 feet 7 inches and the Oregon State University two-mile relay team turned in a 7 minute 18.9 second performance.

At Tempe, Ariz., in the Western Athletic Conference meet, New Mexico's Adolph Plummer raced 440 yards in 44.9 seconds, breaking the world mark of 45.7 by Ohio State's Glenn Davis in 1958.

The most unexpected development came at the California Relays just minutes after New Zealand's Peter Snell raced a mile in 3 minutes 54.9 seconds for a new American record just one-half second off his world record. Marine Cary Weisiger was second at 3:57.3, his best time, and Jim Beatty a well beaten third at 3:58.

Then word flashed from the broad jumping pit that someone had leaped 27 feet 4 inches, a fraction farther than the world record held by the Soviet Union's Igor Ter-Ovanesyan. Was it Ralph Boston, the Olympic champion and former record holder?

No, the jumper was a University of Washington sophomore, Phil Shinnick, who earlier had failed even to qualify for the finals in the Big Six meet at Berkeley and then drove the 80 miles to Modesto and asked permission to compete.

Thirty minutes after his long jump came word that because no one gave Shinnick a chance for a record jump, now one had been tending the wind machine to determine whether the aiding breeze was below the allowable maximum of 4.473 miles per hour.

Rain Hampers Memphis Open

MEMPHIS, Tenn. (AP)—Play was scheduled to resume today in the \$50,000 Memphis Open Golf Tournament, which was rained out Sunday and Saturday, but the Weather Bureau gave no comfort. The forecast was scattered thundershowers likely in the afternoon.

The 81 pros and seven amateurs waited restlessly with two rounds —36 holes—yet to play.

Tony Lema of San Leandro, Calif., held the lead with a 6-under-par 134. Trailing by two under were Harold Kneec of Aiken S.C.; Tommy Aaron of Gainesville, Ga.; George Knudson of Toronto and Jerry Edwards of Fort Worth.

Brazil Pockets Cage Championship

RIO DE JANEIRO (AP)—The United States, with a chance to turn spoiler, failed in the final moments and Brazil won its second straight world basketball title.

Defending champion Brazil edged the United States 85-81 in the final game of the World Basketball Tournament Saturday and nailed down the team title with a 6-0 mark in the drawn-out seven-team round robin tournament.

Yugoslavia upset Russia 69-67 in the other game on the final night and took second with a 5-1 record. Russia was third at 4-2. The United States, beaten by Russia, Yugoslavia and Brazil, finished fourth at 3-3.

France was fifth at 2-4, Puerto Rico sixth at 1-5 and Italy last at 0-6.

Dave Roman led Pitt's basketball scorers during the regular season, getting 343 points for a 14.9 average.

33-Car Field Picked
For Memorial Day

INDIANAPOLIS (AP)—The field is so fast for the 500-mile auto race Thursday that former winner Troy Ruttman will start in last place in the 33-car field.

Two weekends of wind-swept qualifying produced a line-up of 28 veterans and five newcomers who averaged 149.028 miles per hour in the 10-mile runs, against a record 147.330 last year and 145.302 in '61.

Parnelli Jones' May 18 record of 151.53 never was seriously challenged.

The trials that ended Sunday brought out a seven-car challenge to the old reliable Offenhausers which have won all of the Memorial Day Classics since Mauri Rose took the checkered flag in a Blue Crown Offy in 1947.

It was an Offy that powered Jones to his record, however.

Al Miller, a 39-year-old Indianapolis Motor Speedway rookie from Roseville, Mich., was the fastest of three drivers who made the line-up in the final session. He put a rear-engine Thompson-Harvey Titanium Special into the field at 149.603 and had one lap at 150.401.

Mickey Thompson of Long Beach, Calif., American land speed record holder, entered five of his tiny Chevrolet-powered cars and got two of them into the field. One was qualified by 50-year-old Duane Carter of Indianapolis early in the trials.

Masten Gregory, American living in Paris, also qualified one of Thompson's beetle-shaped cars but he was bumped from the field when the final listing of the best speeds left him 36th—three spots out of the line-up.

Ruttman joined three other former winners, Rodger Ward of Indianapolis, Jim Rathmann of Miami and A. J. Foyt of Houston, in the field.

The well-known drivers who failed to qualify included Len Sutton of Portland, Ore., who finished second to teammate Ward by only 11 seconds last year.

Paul Suro of Indianapolis, only active driver who raced before World War II, failed to qualify in his "Spirit Of St. Louis" after 15 starts in the 500.

Circleville Splits Twin Bill In Action at Ted Lewis Park

The Circleville High School baseball team split a double header Saturday at Ted Lewis Park, dropping the first game, 3-1, to Wilmington and winning the second, 4-2, from Miami Trace.

An inability to hit with runners on base cramped the Tigers in the first tilt as they left runners stranded in every inning except the first and last. In those two frames the locals were retired in order, failing to get a base runner on.

Their lone score came in the second inning when Fred Moore led off with a single, but was forced at second by Skip Lutz's ground ball to shortstop. Lutz was safe at first.

The next batter flied out to left field and then Bob Purcell uncorked a hard hit double that scored Lutz from first. It was the only extra base hit of the afternoon.

WILMINGTON scored a run in the first on a pair of hits, tallied again in the fifth on two hits, and an error and a fielders choice and in the sixth on an error and two singles.

George Reeser worked the entire seven innings for the Tigers, pitching a good ball game although charged with the loss. He allowed a total of only seven Wilmington players to reach base, all on singles.

Picking up the win was Davis of Wilmington who went the route for the Hurricane. He whiffed five, walked four and was touched for four hits.

In the second game, The visiting Miami Tracers scored two runs in the first inning to take an early lead, but couldn't get a runner across for the remainder of the tilt.

The visitors left a total of eight base runners stranded. A double play in the third inning, Greene to Bass to Stewart, stalled a rally in that frame.

Circleville's first run came when Freddie Moore singled, stole second, advanced to third on a fly ball to centerfield and then stole home.

IN THE FOURTH frame the Tigers put together four singles and a walk to score three runs.

Gary Stewart led off with a single, Moore cracked a line drive single to right field and then Lutz belted a single to left that scored Stewart.

Purcell walked to load the bases and Jack Cook singled to centerfield, driving in Moore and Lutz.

Dave Greene, relieved in the fifth inning by Skip Lutz, was the winning pitcher. Doyle was charged with the loss. Weaver took over the mound duties in the fourth for Miami Trace.

Greene and Lutz fanned one each. Greene walked one, Lutz two. Weaver whiffed five for Miami Trace, while Doyle fanned one and walked one.

The Tigers, 3-3 in the league, are tied for second with Wilmington and Miami Trace. They make a third attempt today to play Franklin Heights, a game twice rained out.

The Falcons are at the bottom of the loop with a 0-4 slate. Pleasant View and Hillsboro, with identical 6-1 records are the league co-champions.

MICKEY GETS IN SPACE RACE—No astronaut, that Mickey Mantle, but he joined the space rocket parade in Yankee stadium when he socked what everyone there says was the longest home run of all time—a jet blast that just missed going out of Yankee Stadium. The drive, which won the game against the A's in the 11th inning, bounced off the facade atop the third tier in right field and it had rise to it when it struck. All agreed that a little more toward center and it would have gone out and into orbit. It topped his blast of May 30, 1955, which also hit the top facade. Mickey, and the ball and bat, are seen below.

Mike Peppe Quits As OSU Tank Coach

COLUMBUS, Ohio (AP) — For the first time since Ohio State has had a varsity swimming team, diminutive Coach Mike Peppe won't be at the helm next year.

But the 5-foot-4 master tutor of divers and swimmers won't be far removed as his assistant, Bob Bartels, takes over the head coaching role.

In confirming that he will retire July 1, Peppe said over the weekend that he'll maintain an office in the university Natatorium and "help in every way I can."

Peppe, 65, is stepping aside in favor of a younger man—Bartels is 34 — because he "feels it's time."

Peppe in his 33 years as Buckeye coach, turned out teams that won 12 Big Ten championships, 11 NCAA titles and 10 national AAU crowns.

Bernie Casey, 210-pound offensive end for the San Francisco 49ers studies art at Bowling Green University during the off-season.

David Piper of London, 32, has won automobile races in 17 countries.

Kiwanis Charity Horse Show Is Success with 225 Entries

Three local horses carried home the "blue" from the Circleville Kiwanis Charity Horse Show on Saturday and Sunday.

Show secretary, Mrs. J. E. Groom and her assistants, Mrs. Allen Ankrom, Miss Margaret Goode and Mrs. Wilbur Warner handled 225 separate entries for the show representing nearly 150 horses and ponies.

Of this impressive number local horses and riders acquitted themselves very well. The three trophy winners were, in Class 4 the English pleasure class for riders 16 and under, Drexel Poling riding Edgewood's Valiant Lady; in Class 12, the three-gaited show pony with western equipment, Judy Ankrom riding, Rick-A-Shay; and Class 17, English Pleasure Horse for riders 17 years and over, Sue Pike riding Sunshine Delight.

Excellent weather, Louise Snapp of Springfield at the organ and an enthusiastic audience in the stands were all that General Chairman, Tom Bennett and his hard working committee hoped for, a successful show.

HERE is the list of winning horses and riders. In equitation classes where the horse is not judged the rider is listed:

Walnut-Madison Alumni Group Observes 22nd Annual Banquet

Approximately 210 persons gathered at Walnut Twp. School Saturday night to take part in the 22nd annual Walnut-Madison Alumni Banquet.

Honor class for the evening was the Class of 1948. Special recognition went to the Classes of 1913, 1928 and 1938.

Additional activities included a dinner prepared by Nebraska Grange, introduction of all classes, a delightful round of musical entertainment by the Metta Larks vocal group, the naming of new officers for next year and round and square dancing featuring the Teays Valley Dance Band and caller Wilbur Barnhart.

Chet Peters served as toastmaster. The banquet was called to order by W. W. Wharton, this year's Alumni president, and the Invocation was given by Everett Beers.

PETERS, this year's vice president, was elevated to the president's post for the coming year. A nominating committee also listed Charles Hines as the new vice president; Elaine Winters, secretary-treasurer; Helen R. McCray, assistant secretary-treasurer; Dooley Hay, Madison adviser; and Jo Ann Smallwood, news reporter.

A special round of applause went to Cliff Peters, the only alumnus present from the Madison Class of 1899.

The dinner and program was conducted in the gymnasium. Spring flowers and school color decorations were completed by a committee composed of Mr. and Mrs. Ralph McCain, chairmen, Mr. and Mrs. Harold Hines, Mr. and

Mrs. Paul Riegel, Warren Kinsel, Questa Miller, Gus Perrill, Helen McCray, Ralph Dunkel, Dorothy Lawless, Tom Wells, Bonnie Wells and Carol Reis. The soft-drinks committee was headed by Rodney Ward.

The Metta Larks, a group of four women from the general Walnut-Madison area presented seven songs. One song was dedicated to each of the various age groups present.

The official secretary and treasurer reports were read by Erma Hines, this year's secretary-treasurer.

Stock Market Prices Mixed

NEW YORK (AP)—Stock market prices milled in a mixed pattern early this afternoon.

Trading was moderate as the anniversary week of the market's 1962 plunge opened.

Changes of most key stocks were fractional.

The market appeared to be extending its breather from the sharp spring advance.

The Associated Press average of 60 stocks at noon was off .6 to 273.3.

Sugar stocks continued to decline under pressure of talk that sugar price rises in recent weeks involve a "speculative bubble" that could soon burst. There have been conflicting opinions, however, as to whether a price reversal is coming.

The American Stock Exchange stopped trading of Michigan sugar at one point to match a heavy influx of buy and sell orders.

City Police Check Warehouse Entry

Circleville Police early today investigated an entry at the Lincoln Molded Plastics warehouse, Clinton and Mill Sts.

Patrolman Larry Pontious, who discovered the entry while on patrol, and Wesley Barton said a night lock was forced from an east door. An attempt was made to open a softdrink machine.

The building was checked by Patrolmen Pontious and Brungs and Donald Hannans. Loot, if any, will be determined pending an inventory today.

Laceration Treated

Pamela Riddle, 6, daughter of Mr. and Mrs. Rex Riddle, Reynoldsburg, was treated and released in the emergency room at Berger Hospital during the weekend. She fell on a tree stump and lacerated her lip.

Brushing bread with boiling water just before putting the loaves in the oven will help give them a glossy crust.

Parents Come To Graduation From Italy

TOLEDO, Ohio (AP) — It was biting cold at the Sunday commencement exercises for Lake High School in nearby Walbridge, but the occasion had built in warmth in more than the usual degree.

For one of the graduating seniors was Francis Lazzaro, and among the audience were his parents brought to Ohio from Italy earlier this week through the fund raising efforts of Francis' classmates.

Francis has been attending school in the United States for seven years and became an American citizen only last September. But one of his classmates had this to say following commencement:

"Instead of us teaching him, he has taught us about democracy. We have dusted off our respect, our gratitude, our knowledge and our love of country because of him."

Francis' parents, Mr. and Mrs. Antonio Lazzaro of Fossia, Italy, and the aunt and uncle with whom Francis lives, Mr. and Mrs. Alfonso Pasqualone, tried to pay some of the senior class' kindnesses back Sunday night. They held a reception for the seniors' parents.

The Lazzaros expect to stay on with Francis and the Pasqualones for several weeks before returning to Italy.
